

THESE MINUTES ARE SUBJECT TO APPROVAL BY THE BOARD OF FINANCE

The Board of Finance held a regular meeting on Thursday, February 21, 2019 in the Council Chamber in the Municipal Building, 3 Primrose Street, Newtown, CT. Chairman Gaston called the meeting to order at 7:30pm.

Present: Jim Gaston, Steve Hinden, Keith Alexander, Ned Simpson, Sandy Roussas, Mark Boland

Also Present: First Selectman Dan Rosenthal, Finance Director Bob Tait, Director of IT Al Miles, Chief of Police Jim Viadero, Joel Faxon, Scott Cicciari, Captain Vanghele and 1 member of the public.

Voter Comment – NONE

Communications – The Board of Finance received e-mails from Barbara Wojcik and Katie Burke in favor of the BOE budget (Attachment A). Also received was a copy of a letter from Senator Hwang, and Representatives Devlin, Kupchick, Sredzinski, Bolinski and Alie-Brennan, to the governor concerning the budget (Attachment B). Also received an e-mail from Representative Bolinsky with his analysis of where Newtown stands with regards to the Governor's budget (Attachment C).

Minutes – S. Roussas moved to approve the minutes from the 2/14/19 Public hearing and regular meeting. N. Simpson received an e-mail from R. Bienkowski stating that transportation is 5.9% (6% rounded) of the budget increase, not the 12% as reported in the minutes. Motion approved with correction, one abstain (Roussas).

First Selectman's Report – First Selectman Rosenthal reported that the town has been reaffirmed the AAA rating.

The governor made his budget address yesterday. The biggest issue for the town is the loss in state revenue. The short term is manageable. We have been holding our state revenue estimate lower so we are positioned to absorb some reduction. The teacher's pension is a concern. That contribution is about \$1.2 million and the governor wants to assign 25% of that to Newtown.

Finance Directors Report – R. Tait provided 2019-20 Intergovernmental Revenue Estimates Compared to February 20, 2019 Governors Proposed (Attachment D)

UNFINISHED BUSINESS

FY 2019-2020 BOS Budget – S. Roussas moved to amend the agenda to FY 2019-2020 BOS Budget. K. Alexander seconded, motion unanimously approved.

Director of IT, Al Miles, reviewed the progress they have made and the current proposed IT budget. Last year they talked about the number of pieces to be upgraded and did a 5 year plan. This year they were able to get 3 of the 5 years done by doing a leasing program. It provides with a lot more stability.

Some is cloud based but most of it is in house. The servers have been brought here. Rather than us going to them they are coming here. This is to be sure we have the applications if we lost the internet. There are no savings opportunities by consolidating licensing fees across departments. If there is a license fee for a specific department, they are specialized single use application.

First Selectman Rosenthal explained that there were several capital items that were taken out of last year that we intended to use budget surplus from last year but the surplus went to the costs of the May 15th storm. They can be made this year.

All of the servers and switches at the Community Center will be covered in the construction budget. The wiring they are responsible for but they don't have to install it.

Chief Viadero, Captain Vanghele, Joel Faxon and Scott Cicciari reviewed the Police Department proposed budget. The overall increase is 1.6%. They eliminated a position in the records department. The overtimes increased to reflect the actuals.

They are replacing 3 vehicles a year. The cost of the vehicles is a moving target because the state bid isn't out yet.

Private duty is a special revenue fund. If there is any profit it is transfer to the general fund. It was questioned if the private duty pay is subject toward pension. R. Tait explained that up to 125% of the base pay is towards the pension.

The traffic enforcement funds goes to the State of CT. Funds come back to the town in forms of grants.

S. Hinden moved to added discussion of the FY 19-20 BOE budget to the agenda. K. Alexander seconded, motion unanimously approved. S. Hinden went back and listened to the Public hearing and heard that many are asking how and whether the BOE budget has been responsive to declining enrollment. He provided his analysis of how we got here (Attachment E). He explained that a good baseline year is 2013-14, which is when Newtown approached the median of the DRG peer group for spending per student, after many years of being significantly behind on that measure. The analysis compared the BOE budget's compound annual growth rate (CAGR) since that year of 1.37% vs the median of the peer group of 2.18%. It also showed that if Newtown grew at the median CAGR in that 5-year period, spending would be over \$13 million higher and would currently be \$3 million higher. This restrained spending growth vs. peer group median is consistent with declining enrollment, which was down 10.43% from 2013-14 to 2017-18, compared to down 6.48% at the peer group median.

The analysis then showed that special education spending growth, which is state mandated and represents an important investment for a critical segment of students, was faster for Newtown than the peer group median, and that element of the budget comprised most of the growth from 2013-14 to 2018-19. The BOE budget excluding special education actually went down in 2014-15 and 2016-17, and the growth rate from 2013-14 through 2017-18 excluding special ed is virtually flat at 0.33%, and 0.76% through 2018-19. In the face of labor cost growth of over 2%,

which comprises most of the BOE budget, there is a strong implication of service contraction. Mr. Hinden then noted that it is important to set this context and welcomed feedback on the analysis.

The BOE will be at the BOF meetings on Monday 2/25 and Wednesday 2/27. R. Tait provided a BOE budget detail sheet for easy reference (Attachment G).

There was discussion regarding the DRG, why they are comparing to a cohort that is known to be very expensive. What we do when we are comparing ourselves is to get a marker if we are outlandish for what we have. It also to compete against other towns. If you want your property values to be competitive you want to see what your competition is doing.

Subject: Endorsement of BOE Budget

Message:

Dear BOF Members,

This letter is submitted in support of the 2019/20 BOE budget. I believe the budget is based on critical needs and is responsibly lean. I ask that you refrain from cuts.

I support the proposed position of Director of Teaching and Learning. The focus of our school district, understandably, has been elsewhere in recent years. As a parent of a high schooler, I am heartened by the recommitment to curriculum and ask you to back this important initiative.

From BOE meetings, we know the good faith efforts of parcelling out curriculum

alignment and other immediacies to teachers with full plates is not a viable solution. We have seven principals, actively engaged with student and teacher needs, placing this position at the top of each of their priority lists. We have an assistant superintendent, along with superintendent, underscoring we are understaffed in the frenzied environment of overseeing vertical alignment, everchanging state mandates, interpretation of test data, social/emotional learning and teacher guidance. This disadvantage is made more clear in comparison to other districts that already have a director of teaching and learning position firmly established in conjunction with that of an assistant superintendent. I am concerned that the percentage increase of BOE budget each year has been so consistently trimmed vs. our peer districts that we continue to lag in crucial support for curriculum. Pile on the dismay at current test results and the only factor required in this decision is sound judgment.

Please do right by our teachers and administrators. Our students depend upon it.

Thank you for your consideration.

Subject: Board of Education Budget

Message:

Dear Members of the Board of Finance,

I am writing to express my support for the Board of Education's proposed budget. I have attended their budget meetings and believe this budget to be a reasonable request. I was disheartened to hear members of the public disagree with the budget and the new proposed Director of teaching and learning position. It is clear through discussions with teachers and administrators that this position is needed. So much so that the elementary administrators vocally expressed that they did not request other budget items to be included because they felt this position was so badly needed for the district. This position is meant to directly assist our schools in developing the best curriculum for our children, which should result in better test scores. If you ask any of the teachers in town, I'm sure they will agree this is currently lacking in our district and this position can help greatly.

Other than the new position, the budget mainly consists of pay increases previously negotiated with personnel. If cuts are made to the budget it will result in cuts made directly to school programs which only hurt our children and town.

Please consider leaving the budget as is. As a taxpayer I fully support this budget.

Thanks
Katie Burke

State of Connecticut
GENERAL ASSEMBLY
STATE CAPITOL
HARTFORD, CONNECTICUT 06106-1591

Governor Ned Lamont
Connecticut State Capitol
210 Capitol Avenue
Hartford, CT 06106

February 19, 2019

Dear Governor Lamont:

As we begin the 2019 Legislative Session of the Connecticut General Assembly, we are eager to work with your office along with our colleagues in the Senate and the House to tackle the many difficult issues that are facing our state. The most significant problem we must confront is certainly the State Budget and closing our deficits. In recent years the General Assembly has managed to work in a bipartisan manner, and as we start to see the rewards of that collaboration we are hopeful we can continue that trend during your term in office.

Many solutions for closing the budget deficit have been proposed, some that have merit and some that would be politically difficult. We felt that former Governor Malloy's plans to zero-out education funding for dozens of towns all over Connecticut, as well as foisting a third of teacher pension costs onto our municipalities were counter to the mission of providing the opportunity for quality education to every child in every community.

The people within our legislative districts, and we as their representatives, made clear that using these kinds of "cost shifts" would be an unacceptable burden on our towns and cities. We agreed that it was important to ask for your consideration during your budget prioritization process to maintain current funding levels for the communities we represent. We remain resolute in strong opposition to any proposal that would cut or reappropriate education funding for certain towns, or other proposals that may force

towns to raise more revenue to cover any increased costs as a result of lost state assistance.

There are three areas related to Municipal Education Funding that are concerns for us: Education Cost Sharing (ECS), teachers' pensions, and school construction reimbursement. Any change or cut to Connecticut municipalities will dramatically affect their overall budget and may result in increased local property taxes to fill those deficits.

ECS FORMULA

The State of Connecticut has a brand new Education Cost Sharing formula. It is fair, it is equitable, and we should continue to use it to allocate municipal education funding. It is our constitutional obligation to fund public education in our state to a "minimally adequate and equal education" standard. This ECS formula meets that standard, and we should not forsake it in favor of picking winners and losers.

TEACHERS PENSIONS

In addition to fulfilling our obligations to fund public education, we believe it is also necessary for state government to keep the promise we made to teachers without pushing that cost onto municipalities. We cannot balance the budget simply by forcing others to pay for what we promised.

SCHOOL CONSTRUCTION REIMBURSEMENT

Municipalities cannot afford the full expense of upgrading or building new facilities that benefit Connecticut students. If we want our students to have the quality of education people expect from Connecticut, the state must continue to maintain school construction reimbursement rates, regardless of where the school is located.

The State Budget is certainly a difficult issue to tackle. However, it cannot be solved by gimmicks and cost shifts that put undue pressure on municipalities and the people who live in those communities. We must stand by our constitutional obligations and promises made, while creating true reforms that will help bring the State Budget into balance.

We sincerely hope that you take our concerns into consideration, and we look forward to working together to put Connecticut on a path to fiscal stability and economic growth without jeopardizing the things that make our state great.

Subject: Governor's Budgat & Prelimn Newtown Summary

Date: Wed, Feb 20, 2019 6:44 pm

Attachments: GovBud_FY2020-21_Final.pdf (13063K), TownRunNewtown-Lamont Budget.022019.xlsx (16K)

Dan, Laurie, Bob & Ron (cc's to Paul, Michelle & Jim)

For your info, I'm attaching a pdf of the Governor's budget and my xlsx summary of how we shake out. I will not use this email as a pulpit, except to say there's a lot to dislike in the budget but some things to like. From our perspective, Newtown fared well, with a tiny \$25k ECS increase and a \$34K loss in LOCIP. For comparison, Monroe lost about \$800k...before the Teachers Retirement Cost Sharing is applied.

Needless to say, this is not a final budget and we will negotiate many things, including the retirement issue.

More info to follow and discussion welcomed.

Please feel free to disseminate to staff, boards, councils and commissions, as you feel necessary...

Stay warm.

Mitch Bolinsky

Assistant Republican Leader

Representing Newtown's 106th District

	<u>6,408,098</u>	<u>6,815,826</u>	<u>(495,902)</u>
		<u>407,728</u>	<u>6,408,147</u>
		<u>49</u>	<u>49</u>

*** Town underestimated this line item to prepare for future state reductions

Note: Comparing state budget amounts, Newtown will lose \$250,000 in state grants in 2019-20 and \$660,000 in 2020-21.

The difference in the data above is the underestimation of the ECS grant (by design).

Acknowledgment E

Newtown BOE Budget Analysis: 5 years ending 2018-19 (source: BOE)

Overcoming near bottom positioning, Newtown approached median spend per student vs. DRG in FY 2013-14 (per BOE) Newtown's BOE budget has grown slower than its DRG peers since then

- Newtown's 5 year compound annual growth rate (CAGR) is 1.37%, compared to the DRG median 2.18%
If Newtown's BOE budget had grown at DRG median rates, there would have been a cumulative incremental spend of \$13.26M over those 5 years, and the 2018-19 budget would have been \$3.09M higher

	2013-14	2014-15	2015-16	2016-17	2017-18	2018-19	2019-20
Newtown BOE Actual Budget	\$71,045,304	\$71,343,694	\$71,586,263	\$73,662,264	\$74,339,957	\$76,057,210	\$78,110,755
YTY Increase CAGR from 2013-14	0.42%	0.34%	2.90%	0.92%	2.31%	2.70%	
YTY DRG-B Median Increase CAGR from 2013-14	0.42%	0.38%	1.21%	1.14%	1.37%		
Newtown BOE Budget with DRG Median Increase	\$71,045,304	\$72,956,423	\$74,736,559	\$76,223,817	\$77,184,237	\$79,144,717	\$81,265,795
Difference	\$ -	\$ 1,612,728	\$ 3,150,297	\$ 2,561,552	\$ 2,844,280	\$ 3,087,506	\$ 3,155,040
Cumulative Difference		\$ 1,612,728	\$ 4,763,025	\$ 7,324,577	\$ 10,168,857	\$ 13,256,363	\$ 16,411,404

Newtown Enrollment vs. DRG-B: 4 years ending 2017-18 (source: Edsight CT webpage)

This restraint on Newtown's budget increases has been responsive to declining enrollment

- Newtown's enrollment declined 10.43%, or 61% more than the DRG median decline over that period
- Newtown's BOE budget CAGR is 45% lower than the DRG median during that period, 1.14% vs. 2.09% (see above), indicating directional equivalence with relative decline in enrollment
- Newtown continues to be at roughly median spend per student vs. DRG in FY 2018-19 (per BOE)

DRG-B Student Headcount Change 2013-14 to 2017-18

	2013-14	2017-18	% change
Newtown	4,920	4,407	-10.43%
DRG-B Median			-6.48%

Newtown Special Education Spending: 2 years ending 2015-16 (source: Edsight, data available through 2015-16)

Newtown's BOE budget has been affected by increases in spending on special education

- Newtown's growth rate in special education spending exceeded the cohorts by 29%

DRG-B Special Education Spending Growth

2013-14 to 2015-16

	2 yr growth
Newtown	13.57%
Median	10.49%

Newtown BOE Budget Analysis: 5 years ending 2018-19 with and without Special Education budgeting (source: BOE)

The impact of Special Education budget increases on Newtown's BOE budget has been significant

- The compound annual growth rate for the BOE budget without Special Education has been close to flat through 2017-18, and just .76% through 2018-19
- Labor cost growth is the largest driver of BOE budget increases at over 2% (outpaces budget growth)
- Special Education funding is mandated by the state and reflects important investments for a segment of the student population
