MINUTES: Mr. Charles Gardner moved to accept the minutes of the January 19, 2022 Legislative Council Regular Meeting. Seconded by Mr. Chris Gardner. All in favor. Motion passes (12-0).

COMMUNICATIONS: Mr. Capeci wanted to point out that in the future, if anyone receives an email, text or voicemail from an official, to please forward it to him so he can make sure to distribute it to all Council

members. He also announced that the Public Safety Committee is seeking one Legislative Council member to serve on their committee. They meet quarterly to discuss the Garner Correctional Facility on Nunnawauk Road. The first meeting of the year will be next month. The First Selectman and Chief of Police also serve on this committee. Mr. Capeci urged anyone that is interested in serving, to email him.

COMMITTEE REPORTS:

American Rescue Plan Working Group – On behalf of the ARP, Mr. Mihalcik shared that they met last week and made several motions including: to approve \$1.5 million to replace the water distribution system at Fairfield Hills, moved \$140,000 on roof repairs to the multi-use building which houses Children's Adventure Center in Sandy Hook, moved on the \$50,000 on suppression tank repairs, moved the \$90,000 for the \$15,000 grants towards the fire companies, NUSAR and Newtown Ambulance, moved \$40,000 for Covid expenses, and the final motion was for \$325,000 to reimburse the medical self insurance fund. Mr. Tait noted that we will get further clarification on the spending process for these funds from the Town attorney.

Recycling Ad Hoc Committee – On behalf of the Recycling Committee, First Selectman Rosenthal briefed the Council on their last meeting. They met with Jennifer Heaton-Jones who is the Executive Director of the HRRRA, and she went through recycling dynamics and the current trends. If we move towards discontinuing our recycling program, we would need to educate the community on the fact that our current program may not be the most efficient system. The other part to this would be to make transfer station improvements. The next step is to bring the vendors in to get their input, and then make a final decision at the next meeting.

FIRST SELECTMAN'S REPORT: First Selectman Dan Rosenthal reported that the metrics around Covid have changed in a good way. We are seeing significant declines in positive cases and hospitalizations. Hawley HVAC project bids came in a couple weeks ago and they were not great. This was likely due to inflation and the number of market participants. Three more packages are going back out to bid this week. We'll have a better sense once we get these others back. In regards to the old police facility at 3 Main Street, there was some local interest but it has not been fruitful yet. We want to make sure to apply deed restrictions on it so it stays within the historic district guidelines. We may soon engage a realtor to assist with the sale.

NEW BUSINESS

Discussion and Possible Action

- District Lines for Legislative Council

Ms. Frampton explained that redistricting is done every ten years. They have revised the district lines in order for each council district to be at its own polling place. They propose that they would need to open up the high school as the new polling place for district 2, while district 3 would use Reed as their polling place. This would allow voters a shorter travel time based on their designated district. They will send out letters and postcards, print in the Bee, post on their Facebook page and put signs up around town to inform all of new districts. *See attachments A-G.*

Mr. Mihalcik moved to accept the redistricting proposed by the Registrar of Voters. Seconded by Ms. Curi. All in favor. Motion passes (12-0).

- Local Additional Veterans' Tax Exemption Program

Mr. Mihalcik moved to review the Local Additional Veterans' Tax Exemption Program. Seconded by Mr. Chris Gardner.

Mr. Capeci explained that this is stated in an ordinance so he proposes sending it to the Ordinance Committee for review. Mr. Knapp recalled the verbiage of the particular ordinance and feels that this would be dynamic with our changing assessments. While he agrees with Mr. Knapp, the First Selectman believes that the way the ordinance is written, it could use another opinion. This change would not take place until next year, therefore they decided to send it to ordinance to determine whether a change should be made. *See attachment H.*

Mr. Mihalcik moved to amend the motion by sending it to the Ordinance Committee to review and recommend. Seconded by Mr. Long. All in favor. Motion passes (12-0).

VOTER COMMENT: None

ANNOUNCEMENTS: Mr. Long thanked Mr. Tait and his staff on his hard work on the Audit. The First Selectman added that in regards to the audit, asking the same firm to provide a new audit partner may be another option to consider.

ADJOURNMENT: There being no further business, Mr. Long moved to adjourn the meeting at 9:03 pm. Seconded by Mr. Charles Gardner. All in favor.

*Respectfully submitted,
Rina Quijano, Clerk*

TOWN OF NEWTOWN
ADMINISTRATOR OF ELECTIONS

January 28, 2022

Dear Council Members,

As you have heard, the census is over and that is redistricting time. The process is that once the census is finished the number of people living in the area is determined. All people are entitled to equal representation. This means the federal, state and local representation is adjusted. Our federal representation did not change. Our State Senator did not change. Our State Representatives did. We are no longer a part of the 112th (near Monroe border) or the 002 (near the Bethel border). We now are a part of the 107 (on Brookfield border) and the 106th. These lines are determined by the state and federal government and we have no choice on these district lines.

The Registrars of Voters are charged with determining local district lines. Each district needs to be equally represented. We also need to ensure that the members on the Council are still in a district of four members so they are not being asked to approve district lines that might put them out of a "job".

We had district 3-1, 3-2 and 3-5 previously. District 3-2 was the 112th so had a different ballot which enabled us to put the district in another polling place. This forced the district 3 candidates to campaign at two locations. It also caused confusion at district 2 with both district candidates campaigning. Many times voters would be looking for names of candidates in the other district.

We have changed the numbers. Our districts of 1, 2 and 3 are the same. The second number which is a precinct was 1, 2 or 5 previously. The precincts will now be 6 or 7. If you are in the 106th your precinct is 6 and if you are in the 107th your precinct will be 7. We felt this would be less confusing for absentees that are sent out and for voters to verify they received the correct ballot. (We are trying to teach this). The voter registration summary we are sending has the new precincts. Please remember the district numbers are based on current lines not the ones we are proposing.

With this redistricting, each council district will be in their own polling place.

Our office received the district lines for State Representatives (106 and 107). Those were changed in our state program already. We are including a several attachments with the new district numbers. We cannot change the streets to the proper new districts until approved by the Council. We rounded our numbers for ease in separating and because the numbers change daily with voters moving in and out and coming of age.

We are working with 19,500 total voters meaning about 6500 per district. We adjusted a few areas that would keep lines clear.

We have made the following changes to council district lines:

District 1-6

Add Schoolhouse Hill Even side - the odd side is already in this district so now So now both sides will be in district 1-6.

District 2-6

Remove Schoolhouse Hill Even side - went to district 1-6

Remove Berkshire Rd Even 2-86 Remove Fir Tree and Remove Johnny Appleseed – went to 3-6 This group of streets are on the right side of Route 34 just past Toddy Hill. The rest of the right side is in District 3-6 so this will make that whole side District 3-6. The left side all the way down is district 2-6.

Remove Little Brook Even 18-end and Odd 13-end, Remove Hemlock Rd, Remove Button Shop. This little section is intermingled with District 3-6 so this will help even out the districts and be less confusing.

Both of these groups were split that way for the 112th district by the state legislatures. Since we no longer are a part of the 112th, we can simplify the lines.

Remove South Main Odd 1-273 This starts at the light by the old Police Station and goes toward Monroe The rest of the odd side and all of the even side was already in District 3. This will make it so that if you live on South Main Street you are in District 3-6.

District 3-6

Add Berkshire Rd Evens 2-86, Fir Tree Lane, and Johnny Appleseed - this came from 2-6 and makes all of the right side in District 3-6 and all of the left side 2-6 as you head towards Monroe.

Add Little Brook Even 18-end and odd 13-end, Hemlock Road and Buttonshop this group came from 2-6 and the movement creates cleaner lines and helps even out the number of voters.

Add South Main Street Odd 1-273 this is from 2-6 and means if you live on South Main Street you vote in District 3-6.

Our office is dedicated to making voting accessible. We work very hard to limit wait times when voting (most of the day you can be in and out within 10-15 minutes). We work year round on keeping our voting list as accurate as possible. We do this while trying to maintain an efficient budget. We feel that this district breakdown will eliminate a couple confusing lines from the past (both were due to the 112th) as well as help our office maintain efficiencies in both our service and budget on Election Day.

We have a very tight time line. The state kept getting extensions so our time got shorter. Once approved by the Council, we have to manually enter each street into our state database with a correct district. This need to be done by the beginning of March due to choosing of delegates for conventions to be held in May. Town Committees have to submit the delegates in March.

We are sending:
Voter Registration Summary
Current map of Districts
Street list with voter numbers
Voter list with party breakdown

Please note that the difference between the districts is currently about 600. This means we had to move about 300 voters tops. There is about 2000 more unaffiliated voters than either party in town. Those few voters are not going to advantage any party. We cannot get a list of the breakdown for the proposed lines since it is not entered until approved. For us to get final numbers it would have to be done manually and hope for no errors. This would take many man hours. Party was not looked at by anyone in our office during this redistricting. We concentrated on what would be easiest to follow for the voters. In the end don't we want everyone to vote? We want to keep our trophy.

Thank you for your time. If you would like to send us any questions ahead of time, we will gladly answer them and include the answer in our presentation at the meeting.

Respectfully,

LeReine Frampton and Erica Canfield

Re: Local Additional Veterans Income Limits

The Local Additional Veterans' Exemption Program was created to give additional benefits to our veterans. The income limits were created to also give veterans with a slightly higher income an additional exemption.

For the past several years, the income limits for the Local Additional Veterans' Exemption Program have been for a single person, \$41,200, and for a married couple, \$45,000. The income limits for the 2022 Grand List from the State of Connecticut Additional Veterans' Program are for a single person, \$38,100 and for a married couple, \$46,400. As you can see, the State Income Limits are greater than the Local Veterans' Exemption Program.

With the income limits set as they are as of now, some veterans who qualify for the State Additional Veterans' Program would not qualify for the Local Veterans' Exemption Program. There would also be no additional veterans for those who income is over the State Income Limits.

I would like to recommend that we increase the Local Veterans' Exemption Program for a single person, \$48,100, and for a married couple, \$56,400. This is a \$10,000 additional income amount for each.

Another way to handle this would be to change the ordinance to read that the Local Veterans' Exemption Program Income Limits always be \$10,000 over the State Additional Veterans' Program so this would not have to be addressed every so many years.

Respectfully;

Kathy A Brown
