

Edmond Town Hall Board of Managers

Regular Meeting
Tuesday, January 11, 2021 - 6:30 P.M.
Edmond Town Hall, Meeting Room 2
45 Main Street, Newtown, Connecticut

THESE MINUTES ARE SUBJECT TO APPROVAL AT THE NEXT REGULAR MEETING.

Present: Jen Guman, Marie Smith, Margot Hall, Betsy Paynter, Herb Rosenthal, Armel Romeo

Kouassi (arrived 6:36)

Absent: none

Also Present: Operations Manager - Sheila Torres, Kim Chiappetta (clerk)

Members of the Public: None.

Call to Order: Ms. Guman called the meeting to order at 6:34 p.m.

Public Participation:

None.

Chairman Report and Comment Chairman:

Ms. Guman told the Board that she met with Scott Cicciari who had attended the December Board of Managers meeting to discuss a 2 for 1 matching gift program. Mr. Cicciari was able to raise around \$15,000 in donations and a match. After the donations are processed they will be deposited into the Mary Hawley account. Ms. Guman said that she is hoping the Alexandria room project will cost around \$12,000 so remaining funds can be used for monitors in the lobby.

Approval of Minutes:

Mr. Rosenthal motioned to approve the minutes from the regular meeting on December 14th 2021. Seconded by Ms. Hall. All in favor.

Operations Manager/Theater Report (*Refer to Attachment A*):

Ms. Torres began by discussing the gym painting project. Ms. Paynter pointed out that *Paint Vendor #3* provided a considerably lower quote and recommended this vendor be considered. Ms. Torres explained that one reason for the lower cost was because the vendor did not need to rent any special equipment to reach the ceiling. She continued to let members know that *Paint Vendor # 3* is also using low VLC paint, but the quote provided was not for the Benjamin Moore brand. Members also discussed timelines provided with each quote. Ms. Paynter recommended asking *Paint Vendor # 3* for a quote using Benjamin Moore brand paint and Mr. Rosenthal agreed. All members agreed if *Paint Vendor # 3* provides a lower quote with Benjamin Moore brand paint, then Ms. Torres can move forward with the project.

Mr. Rosenthal motion to approve of *Paint Vendor Number 3* with the proviso that he is asked to quote an amount using Benjamin Moore brand paint, and will leave up to Ms. Torres discretion as to whether Benjamin Moore is used. Mr. Kouassi second. All in favor.

Ms. Torres continued to tell the group that the bar refrigerator is scheduled to be delivered January 12^{th.} Also, she has been looking for someone who has the expertise necessary to address the issue with the stack on the building. Members discussed reaching out to Public Works for a recommendation. The stack had been patched in the past which addressed the issue for 5 years. Ms. Torres is to follow up with the Director of Public Works.

Ms. Paynter asked if installation of an electric charging station in the parking lot was ever considered and thought the best time would be during the paving project. Members agreed that an electric charging station would be beneficial and discussed Energize CT and Sustainable CT grants. Ms. Torres will reach out to the Sustainable Energy Commission Chair, Ms. Quinn.

Ms. Torres updated the Board that the Public Works Director, Mr. Hurley, advised that the cost to fix the parking lot drainage be included in the parking lot paving project. Ms. Guman asked what will happen with the additional costs. Ms. Torres said that the cost to fix the drainage was added and the First Selectman was already aware from a conversation with Mr. Hurley. Ms. Paynter asked if it would be possible to reconfigure the parking space layout to maximize number of spaces. Ms. Torres answered that this would be included in the specs, but sufficient space must be allow for trucks to navigate through the parking lot. Ms. Torres provided additional clarification that the additional cost for the drainage would be paid for by the town since it is the town who is asking that this work be done.

Ms. Torres updated the group on the WIFI. She met with the Technology and GIS Director, Mr. Miles. He explained that in order to establish WIFI redundancy, (to address outages), the ETH will need a second provider. Ms. Torres will look into a provider used by the Town for the ETH primary WIFI and then consider Spectrum as the backup provider. Mr. Miles also recommended replacing all equipment to newer, commercial grade.

Ms. Torres let members know that the T-Mobile Hometown grant application was completed by Ms. DiMartino and has been submitted. The group then discussed the Genium Foundation grant and that the funds would be used to address the issues with the many wires connecting to the outside of the building. Ms. Kouassi asked if the Town's WIFI service was faster than the current service being used by the ETH. Ms. Torres said that as she understands it, the service provided to the town is faster and more reliable.

Ms. Guman as the group if there were any questions on the financials. Mr. Rosenthal asked if there was anything that should be called to the attention of the Board. Ms. Torres said that the budget was in a good place. Ms. Paynter reminded members that the budget should be reviewed in a month or so to see if any funds are remaining that can be used to address a project prior to the end of the fiscal year.

Unfinished Business:

COVID – Governor Guidelines Update:

Ms. Guman asked members for their thoughts for the live show scheduled at the end of January. The Alpaca Gnomes show is scheduled before the most recent COVID variant outbreak is forecasted to decline. Ms. Torres explained that the ETH could be more stringent than the Town and require masks for the show, but need to notify ticket holders of a mask requirement. Mr. Kouassi noted that people wore masks to the NewArts show in December and there were no complaints. Members agreed that a mask requirement would be beneficial in making attendees feel comfortable. The Board discussed language that will be used to communicate the requirement.

Marketing Committee Update:

Ms. Paynter updated the Board that she and Mr. Kouassi met with a graphic designer for the spring concert series artwork. They are currently waiting for title sponsor to commit. They will also be working with the graphic designer on rebranding the ETH. Mr. Kouassi commended Ms. Paynter's work.

Sponsorship Update:

Ms. Paynter said that she is in active conversations with local businesses on the opportunity to sponsor the concert series. The group discussed reaching out to businesses in town for other sponsorship opportunities. Ms. Guman added that this is a group effort and Ms. Paynter has been leading.

Restaurant & Show Ad Update:

Ms. Paynter told the group that she and Mr. Kouassi are working on a dinner and a show event, with 8 restaurants participating so far. There will be information on the website landing page, and posters will be displayed in the lobby.

New Business:

Budget Discussion (Refer to Attachment B):

Ms. Guman told the Board that the initial meeting with the First Selectman and Finance Director had been held to review the budget. Ms. DiMartino went through the high-level line items. The First Selectman and Finance Director were happy to see the budget contribution remains the same as last year.

Comments from Board Members:

Ms. Guman asked Ms. Smith what she recalled of her investigation years ago to have the ETH name on a street sign. Ms. Smith said that it was explained to her the ETH could not be added because it is not part of a municipality. Members discussed that they would like to have a destination sign on i-84.

Adjournment:

Mr. Rosenthal motioned to adjourn at 7:38 p.m. Ms. Smith seconded. All in favor.

Respectfully submitted, Kim Chiappetta, Clerk

ETH MANAGER'S REPORT - 11 Jan 2022 - Sheila Torres

TV Monitors for Lobby – I sent quote to Board. For the time being I asked the vendor to purchase only the media server until we know whether we may be getting appropriate monitors from Synchrony.

Gym Painting – All three quotes have come in now. See table at end of report.

Bar Refrigerator - Refrigerator will be delivered Tuesday, February 11 between 1 pm and 2 pm

Sewer Gas issue continues. We deal with it daily by allowing fresh air into the building as needed.

Sandy Hook International Film Festival –Sattie Persaud stopped by and reserved the theater for a cultural event on October 1. The date was switched as requested. Sattie intends to move forward with the film festival.

Chamber Rental – No new tenant yet but plan to advertise the space during January.

Newtown Arts Festival -At the moment all three days of their weekend have been set aside.

Live Shows – Ticket sales for Alpaca Gnomes are slow but the pattern is not that much different from the other concerts. Many people wait until the last week to get their tickets.

CIP

Roof Restoration Project – Met with Tremco this week by phone due to illness and learned that the project could take 4 to 6 weeks but is subject to weather. Usually begin around March 15 or as soon as the weather breaks. The most time-consuming part of the project will be the masonry work on the steps and on the bricks. They will try to work only during the week and avoid Fridays if possible. I am going to send them a list of dates when we have events and they should avoid being here. There will be a dumpster, a lift here the whole time and a crane for four days, two days for loading stuff onto the roof at the start and two days at the end to take stuff off. Andrew will stop by for a visit later after he recovers from illness.

Parking Lot - I reached out to Rick Spreyer about the project. He advised me to get the necessary specs. I then reached out to Public Works and was advised to contract with a consultant to provide the necessary advice about the specs and timing and to submit that to Public Works for review. However, at the budget meeting with Dan R. he suggested I make use of the town engineer for the consult, so I am reaching out to him. After the specs are drafted, reviewed and approved, I have to get three quotes. Then the information goes to Rick Spreyer who will submit it for bid.

NewArts – New Arts finished its production and left the building in good shape. Ryan Loucks mentioned that they sold 1800 tickets, which I think was 200 over their goal. Lauren will be following up with them to see whether they wish to return next year because we need to plan the calendar. I have put together a list of lessons learned that will be useful for us

Wi-Fi – Our IT Support company spoke with Spectrum about the glitches we have been having and his belief that they needed to replace their wi-fi router. On December 15, Spectrum replaced the wi-fi router and we have not had any issues since then. You may recall that they had replaced the

internet modem on September 17 after the issues we had the day of the first concert. So, all Spectrum equipment has now been replaced and we hope to not encounter any more problems.

Grants

- o I submitted the **Hometown T-Mobile Grant** on Dec 31 with a letter of support from Pat Llodra. The grant was submitted on behalf of ETH and Friends of Edmond Town Hall. We expect to hear back within 30 to 60 days of the submission date.
- IT Infrastructure Grant I drafted grant application draft on behalf of Friends of ETH for improvement of internet connectivity for the offices on the North side of the building. Stacey has submitted the grant to the Jeniam Foundation with a letter from Friends of ETH.
- o The **Arts Grant** Lauren had applied for from Lisa Scail's organization has been approved.
- Another grant that Lauren had applied for and was told Friends of ETH were ineligible, has come back after Lauren asked for consideration. An award may be coming. Will keep you posted.
- **Custodian** Have contacted some applicants but have not heard back. Will be calling them again.

Building Work Completed

- **Boiler maintenance** completed
- **Boiler repair** the vents on top of the boiler broke down so we had to repair them. Last month the bottom vent motor had to be replaced.
- Water pump/water heater McKenney checked the water pump and indicated that the knocking sound did not indicate any problems. The pump goes on and off at different times based on the clock setting and it makes those noises, usually at night, when we are not in the boiler room.
- **Bar Outlet for Elevator Closet** Has been installed and will power up the bar refrigerator

Paint Vendor	Paint Vendor	Paint Vendor			
#1	#2	#3			
\$17,500	\$12,500	\$6,900*			

Scope of Work: Paint Gym Walls (not brick) (2 coats); Paint Gym Entry up to First Landing on Back Stairs; Paint Gym Ceiling (2 coats) and Glue any Loose Tiles, Paint Inside Doors Paint Inside of Outside Gym Door

*Checking on this to make sure the door trim is included. Will update at meeting.
