The **Budget Summaries** section summarizes financial and other information, providing an overview of the budget. Included in this section are summaries of revenue by type and summaries of expenditures by function by department as well as the calculation to arrive at the mill rate and the summary grand list of taxable property used.

The **Budget Detail** section starts with the revenue estimates detail by account. Each revenue account has a description and a justification for the estimate. The expenditure detail is organized by function (General Government; Public Safety; Public Works; Health & Welfare; Planning; Recreation & Leisure; Contingency; Debt Service; Other Financing Uses and Education) then by department. Most department sections comprise a Mission Statement, Budget Highlights, a Department Budget Summary, Account Detail and Performance Measures & Indicators. **In the budget highlights section, the percent increases compare 2020-21 proposed budget requests to 2019-20 amended budget.** The 2019-20 actual 12/31 column represents the fiscal year to date expenditures up to December 31, 2019.

TOWN OF NEWTOWN'S ANNUAL BUDGET PROCESS**The Initial Budget Process**

Each October the Town department heads are given instructions and budget forms to complete (except for salary and employee benefit accounts, they are completed by the Finance department). Towards the end of November the completed budget forms are handed back to the Finance Director. If the department has a board or commission it reports to, the department budgets are approved by the board or commission before being handed back to the Finance Director. During December/January the departments meet with the First Selectman and the Finance Director to review their budgets. After adjustments are made the budget becomes the First Selectman's Proposed Budget. This becomes the first budget column in the expenditure budget summary and detail sheets. A budget document is then assembled and created by the Finance Director. The budget process is now guided by the Charter.

Budget Process Guided by Town Charter

The Town of Newtown's fiscal year begins on July 1st and ends on June 30th. The budget cycle is determined by the requirements outlined in the Town Charter, Chapter 6, as follows:

6-05 Preparation of the Board of Selectmen and Board of Education Budget Proposals

- (a) Not later than February 14th, in such form and with such supporting data as the Board of Finance shall require, the Board of Education shall submit to the Board of Finance an itemized estimate of expenditures proposed for the provision and maintenance of good public elementary and secondary schools and an itemized estimate of all revenue other than **Town** appropriations to be received by the Board of Education for its use during the next fiscal year (the "Board of Education Budget").

- (b) At such time and in such manner as the First Selectman may require, every **Town Department** other than the Board of Education shall present to the First Selectman an itemized estimate of the expenditures to be made by and revenues to be received by such departments during the next fiscal year. The estimates shall be accompanied by such other reports and information as the Board of Selectmen may require. The V.G. Hair and Frances E. Hair Fund (Animal Control) – to account for investment of funds left in trust by Frances E. Hair for the care and education relating to animals.

FUND TYPE - PROPRIETARY FUNDS

Proprietary funds are used to account for activities that are similar to those found in the private sector. These funds are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. The Town has two types of propriety funds:

ENTERPRISE FUNDS

Enterprise funds account for operations that are financed in a manner similar to private business enterprises, where the intent is that costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily thru user charges.

Sewer Fund (Water & Sewer Authority) – to account for the activities of the Town’s sewer operations.

Water Fund (Water & Sewer Authority) – to account for the activities of the Town’s water operations.

INTERNAL SERVICE FUNDS

Internal Service funds account for the financing of goods or services provided by one department to other departments or agencies of the Town on a cost-reimbursement basis.

BOE Dental Self Insurance Fund (Education) – same as above except it only pertains to BOE employee dental costs.

Medical Self Insurance Fund (Finance) – to account for the costs of employee medical claims, stop loss insurance and third party administration. Resources to cover these costs come from the departments and agencies whose employees have these benefits. These departments and agencies are charged an “allocation rate” (similar to a premium rate charged by insurance companies).

Organization of Accounts – continued-

FUND TYPE - FIDUCIARY FUNDS

Fiduciary funds are used to account for assets held by the Town in a trustee capacity for individuals, private organizations or other governments. The Town has two types of fiduciary funds:

TRUST FUNDS

Other Post Employment Benefits Trust Fund (OPEB Board) – this trust fund accounts for assets held for police retiree medical benefits.

Pension Trust Fund (Pension Board) – the Town has three pension plans covering substantially all of its full time employees, except teachers who are covered by the State Teachers' Retirement Fund. The General Town and Board of Education Plan is a contributory defined benefit plan. The Police Plan is a contributory defined benefit plan. The Elected Officials Plan is a contributory defined contribution plan.

AGENCY FUNDS

Agency funds are used to report resources held by the reporting government in a purely custodial capacity.

Board of Education Flex Plan (Education) – to account for employee medical savings account.

Conservation/Driveway Bonds (Finance) – to account for developers' bonds which are held to assure performance on driveway construction. Once the driveways are constructed, the bonds are released to the developers.

Performance Bonds (Finance) – to account for developers' bonds which are held to assure performance on road construction. Once the roads are constructed, the bonds are released to the developers.

Student Activities (Education) – to account for expenditures for educational extracurricular activities at the various schools. Financing is provided by individual fundraising projects.

Organization of Accounts – continued-**BASIS OF ACCOUNTING**

All General and Special Revenue Funds shall be accounted for on the modified accrual basis, under which revenues shall be recognized when actually received, or accrued when the Director of Financial Services determines them to be both measurable and available, and commitments of money shall be recorded as soon as they result in contingent liabilities to be met from available appropriations. This shall not apply to interest earnings, which may be recognized on a full-accrual basis, so as not to preclude the Town from maximizing investment earnings through utilization of long-term investments transcending one (1) or more fiscal years. Enterprise and Internal Services Funds utilize a full-accrual system of accounting. The Town shall utilize a full-encumbrance system for all funds in all financial transactions of the town. Salaries and wages of Town employees chargeable against valid personal services appropriations need not be encumbered, except at the close of the fiscal year. At the close of the fiscal year, all salary commitments and related employee benefits, such as social security, group insurance, retirement contributions and other obligations, as evidenced by a valid purchase order or contract accruing to the current accounting period, shall be itemized in a reserve for encumbrances; said itemized encumbrances, at the discretion of the Director of Financial Services, may be met from the aggregate total of the reserve for encumbrances.

The budgetary basis follows the modified accrual basis of accounting except:

- (a) Encumbrances are recognized as a valid and proper charge against a budget appropriation in the year in which the purchase order is issued and, accordingly, encumbrances outstanding at year-end are reflected in budgetary reports as expenditures in the current year but are shown as reservations of fund balance on a GAAP basis.
- (b) The Town accounts for "on-behalf" contributions made by the State of Connecticut to the Connecticut State Teachers' Retirement System as revenue in accordance with GASB Statement No. 24, Accounting and Financial Reporting for Certain Grants and Other Financial Assistance. As such, General Fund revenue and expenses on a GAAP basis reflect the recognition of "on behalf contributions by the State."

TAXABLE NET GRAND LIST

A key aspect of Newtown’s financial well being is the taxable net grand list. In order for Newtown to prosper the net taxable grand list has to grow consistently into the future. Growth in the net taxable grand list represents new home construction and more importantly new businesses. Growth in the net taxable grand list enables Newtown to invest in capital assets and maintain the current infrastructure (capital assets such as parks, roads, sewers, bridges, new municipal building, etc.) without having to create an extra tax burden on Newtown residents. A 1/10% increase in the net taxable grand list brings Newtown around \$100,000 in new taxes, taxes that current residents do not have to bear. A 1% increase in the net taxable grand list brings Newtown around \$1,000,000 in new taxes. In prior decades the growth in the grand list enabled Newtown to invest in capital assets without putting an extra tax burden on the residents. Due to the recent economic downturn the grand list growth has slowed down significantly and at times has declined. This has placed an extra pressure on the budget process and on capital investments the Town can make. Below is the grand list growth for the last twelve years:

GENERAL FUND - UNASSIGNED FUND BALANCE

Fund balance and more specifically unassigned fund balance is an important part of municipal finances. It has been a top priority of the Town to ensure that our fund balance is at an appropriate level (using best practices) which ensures financial stability and flexibility. Below is the Town's fund balance policy:

General Fund Balance Policy

Updated for GASB54 Fund Balance Reporting and Governmental Type Definitions

POLICY STATEMENT

A positive fund balance serves three important functions:

1. Eliminates the need for short term borrowing to handle cash flow between the start of the fiscal year and receipt of revenue from taxes;
2. Can be periodically used to lower taxes to smooth out major fluctuations in the property tax rates;
3. Serves as a contingency fund that enables the Town to respond to unanticipated emergencies or opportunities.

Credit rating agencies determine the adequacy of the unreserved fund balance using a complex series of financial evaluations. The size of the fund balance is an important, but not the only consideration in the Town's rating. Other important factors are the reliability of a government's revenue sources, economic conditions, community wealth factors, cash position, debt ratios, management performance, and fiscal decisions made by the legislative body.

A town's ability to accurately plan and develop sufficient fund balance is a common characteristic of highly rated municipalities.

This policy is intended to provide for a fund balance which satisfies the cash flow and contingency needs of the community, supports our positive bond rating with the rating agencies, and at the same time avoid over taxing the citizens through an excessively large fund balance.

FISCAL POLICY & TRENDS**UNASSIGNED FUND BALANCE – continued****GOVERNMENTAL FUND TYPE DEFINITIONS**

General Fund – all funds not reported in another fund

Special Revenue Funds – Used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditures for specific purposes other than debt and capital projects. Restricted or committed revenues are the foundation for a special revenue fund.

Capital Project Funds – Used to account for and report financial resources that are restricted, committed or assigned to expenditures for capital outlays, including the acquisition or construction of capital facilities and other capital assets.

Debt Service Funds – Used to account for and report financial resources that are restricted, committed or assigned to expenditures for principal and interest, including resources being accumulated for principal and interest maturing in future years.

Permanent Funds – Used to account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the reporting government's programs – that is for the benefit of the government or its citizenry. Permanent funds do NOT include private purpose trust funds.

FUND BALANCE DEFINITIONS

Fund Balance is the difference between the Town's current assets (cash, short-term investments, receivables) expected to be available to finance operations in the immediate future and its current liabilities.

Fund balance is initially characterized as being restricted and unrestricted.

FISCAL POLICY & TRENDS

UNASSIGNED FUND BALANCE – continued

Unrestricted Fund Balance Categories

Unassigned fund balance – Amounts that are available for any purpose as defined in this policy; these amounts are reported only in the general fund. In other governmental funds, if expenditures incurred exceeded the amounts restricted, committed or assigned it may be necessary to report a negative unassigned fund balance.

When an expenditure is incurred for purposes for which committed, assigned, or unassigned amounts are available, the Town considers the fund balance to be spent in the following order: committed, assigned, and then unassigned.

Unrestricted Fund Balance is the Total Fund Balance minus the Non-spendable minus the Restricted

Restricted Fund Balance Categories are amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation

Committed fund balance– Amounts constrained to specific purposes by the Town itself, using its highest level of decision-making authority; to be reported as committed, amounts cannot be used for any other purposes unless the government takes the same highest-level action to remove or change the constraint.

The decision making authority for purposes of this policy is the Board of Finance.

Assigned fund balance– Amounts the Town intends to use for a specific purpose; intent can be expressed by the Town or by an official or body to which the Town delegates the authority. Appropriations of existing fund balances to future budgets are considered assigned fund balance. The Town shall not report an assignment that will result in deficit in unassigned fund balance. Negative fund balances cannot be considered assigned.

The body authorized to assign amounts to a specific purpose for purposes of this policy is the Board of Finance.

FISCAL POLICY & TRENDS

UNASSIGNED FUND BALANCE – continued

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balances are available, the Town considers the restricted fund balance amount to have been spent first until exhausted and then any available unrestricted fund balance.

Non-spendable fund balance– Amounts that cannot be spent because they are (a) not in spendable form (such as inventory, prepaid items, long term portions of notes receivables), or (b) legally or contractually required to be maintained intact (such as the corpus of an endowment fund).

GUIDELINES

The Board of Finance shall propose annual budgets that provide for an unrestricted (unassigned) general fund balance of not less than eight (8) percent nor more than twelve (12) percent of the total operating general fund expenditures.

In the event the unassigned fund balance is greater than twelve (12) percent at the end of any fiscal year, the excess may only be used in one or a combination of the following ways:

1. Transfer such excess to the Debt Service Fund for future debt payments.
2. Transfer such excess to the Capital or Nonrecurring Fund for future capital projects.
3. Use directly to reduce the tax rate in the subsequent year provided that care is taken to avoid a major fluctuation in the tax rate in succeeding years.

As a general rule, unrestricted (unassigned) fund balance in the general fund should represent no less than one month of operating revenues or operating expenditures (whichever is less volatile).

The following circumstances may justify a significantly higher minimum target levels:

- Significant volatility in operating revenues or operating expenditures;
- Potential drain on resources from other funds facing financial difficulties;
- Exposure to natural disasters (e.g. hurricanes);
- Reliance on a single corporate taxpayer or upon a group of corporate taxpayers in the same industry;
- Rapidly growing budgets; or
- Disparities in timing between revenue collections and expenditures.

FISCAL POLICY & TRENDS**UNASSIGNED FUND BALANCE - continued**

Annually, the Board of Finance shall monitor and modify the minimum fund balance requirements based on the aforementioned criteria. The use of unrestricted (unassigned) fund balance will be allowed under the following circumstances:

- Operating emergencies
- Unanticipated budgetary shortfalls

If at the end of a fiscal year, the unrestricted fund balance falls below eight (8) percent the Board of Finance shall prepare and submit a plan for expenditure reductions and or revenue increases. The Board of Finance shall take action necessary to restore the unrestricted fund balance to acceptable levels determined by this policy.

This policy is subject to review on a bi-annual basis, on or before the anniversary date of its final approvals. The Board of Finance is responsible to lead the review process and shall collaborate with the Legislative Council and the Board of Selectmen in that action.

Property Taxes

- Approximately 92% of the general fund budget is financed by current year property tax revenue (2016-17 it was 90%). This is up from 85% experienced in the 2006-2007 budget. The increasing role of property taxes in funding the general budget is due to reductions in “other” revenue. Intergovernmental revenues (mainly revenues from the State) have been gradually decreasing. Recently ‘local’ revenues tied to the economy, such as town clerk conveyance fees; building permit fees and interest from investments have been recovering with the economy. See the following graph: the closer the two lines come, the higher the percent of current year taxes to total revenues.
- Increases in property tax revenue are funded by the growth in the Town’s taxable grand list (taxable property) and increases to the tax rate (mill rate).
- The successful collection of current year property taxes is important in determining property tax revenues. The Town historically collects over 99% of the current year taxes levied. The Town has assumed a 99.2% collection rate, for current taxes, for fiscal year 2020-2021. A one-tenth change in the collection rate estimate equates to \$100,000 (rounded) in tax revenue (see page 53 for the calculation of the mill rate).

Intergovernmental Revenue

Intergovernmental revenue estimates are taken from the latest “Estimates of State Formula Aid to Municipalities” prepared by the (State) Office of Policy and Management ([OPM WEBSITE](#)) (right click – open hyperlink). The State General Assembly can and has changed these estimates over the years. These changes are typically after the Town budget has been adopted. From the chart below you can see that intergovernmental revenue has not kept up with inflation over the years. A sharper decline is evident in 2009-2010 when the economic down turn occurred. The second peak in 2011-2012 is due to a onetime grant for education. Then in 2014 – 2015 a renewed commitment was made to education. The decrease in 2017 – 2018 is due to an overall reduction in state intergovernmental revenues due to the financial condition of the state.

Equalized Cost Sharing Grant(ECS grant):

State aid for education has been essentially flat over the years except for an increase in 2015-16, while local costs have gone up. Connecticut’s towns and cities are still waiting for the State to fulfill the promises it made in the late 1980s when the Equalized Cost Sharing (ECS) grant began and the State Board of Education set out its 50-50 goal: (To) “increase state aid for education so that the state will pay at least 50 percent of the total statewide expenditures.” Newtown’s ECS grant in 2003-2004 represented 7.4% of the total town education budget; in 2014-2015 it represented 6.2% of the total education budget and in 2015-2016 it represented 6.6% of the total education budget. The grant amount in 2015-16 increased around \$350,000 which is the first significant increase in years. 2017-18 then took a dive. The estimate for 2020-2021 is \$4,250,000. This can change as the State budget process moves on.

Payment in Lieu of Tax Revenue

The Office of Policy and Management administers this PILOT program pursuant to CGS §12-19a, §12-19b, §12-19c, §4b-39 and §32-666. This program provides payments for real property tax losses due to exemptions applicable to state-owned real property, certain real property that is the subject of a state lease or long-term financing contract, municipally-owned airports and certain land held in trust by the federal government. This grant was cut by the State in mid-year 2016/17 by 18% due to the State budget troubles.

As can be seen from the chart below, this State grant has been decreasing over the years. The estimate for 2020-2021 is \$456,363. This will change as the state budget process moves along.

This grant has been reduced substantially since the economic down turn. The estimate for 2020-2021 is \$829,098. This will change as the state budget process moves along.

Charges for Services

Charges for services fees relate to accounts tied to the economy. Active development in the earlier years brought about higher revenues in the town clerk conveyance fees and building permit fees accounts. Investment Income

Investment income was a significant amount of non tax revenue. At its peak in 2006 – 2007 income from investments was over \$1.6 million. In fiscal years 2011-12 thru 2014-15 it barely exceeded \$150,000. It is not surprising that the investment income chart below matches the rate of return chart on the next page. That chart shows the rates of returns earned from the State’s Short Term Investment Fund (STIF) that so many municipalities and State agencies use for their operating funds. As the economy improves and interest rates start to increase this revenue source will once again play a significant role in offsetting taxes.

Non union employees

The non union employee salaries in this budget reflect an increase of : 2.25%.

FISCAL POLICY & TRENDS**EXPENDITURES** - Continued**Fringe Benefits**

Fringe benefits increased \$155,049 or 2.57%. Fringe benefits represent the cost of employee health insurance; life insurance; long term disability insurance; pension benefits; defined contribution retirement plans and the employer's share of social security. These costs are allocated amongst the departments. Medical benefits, the major fringe benefit, have increased 3% due to medical claims experience in the medical self-insurance fund. Pension contributions have increased 4% due to a change to pension actuarial calculation and a change in the discount rate from 7.5% to 7.0%. The town is in phase 3 of 3 to adjust for this change.

Insurance

Insurance has decreased by \$2,000 due to positive claims experience. Insurance represents the cost of the liability-auto-property (LAP) and workers' compensation (WC) policies. Insurance costs have increased for the LAP policy due to unfavorable experience in claims and the WC policy. The Town (BOS & BOE) works closely with the Connecticut Inter-local Risk Management Agency (CIRMA) to manage our risks.

Operating Expenses

Operating expenses have increased by \$214,759 or 2.9%. Operating expenses represent non payroll operating expenditures such as utilities, building maintenance, supplies, contractual services, vehicle maintenance, training and continuing education, fees and professional services, equipment fuel and miscellaneous expenses.

Capital

Capital has decreased by -\$90,056 or -3.2%. Capital represents expenditures of items with a useful life of more than one year, such as infrastructure, roads, motor vehicles, construction equipment, computers and office equipment. The decrease is mainly due to a \$250,000 decrease in various capital accounts by the Legislative Council. These capital items will be funded from the Capital & Non-recurring fund (from FEMA funds). This decrease was offset by an increase in the roads account. Due to the condition of roads, a plan was put into place to increase the capital road account each year by \$250,000 until the account reaches \$3,000,000. 2014-15 was the first fiscal year of this plan. The road account is up to \$2,250,000 (in this budget).

FISCAL POLICY & TRENDS**EXPENDITURES** - Continued**Contingency**

The contingency account is established to provide for unforeseen costs that might arise during the year. There are no expenditures in this account, only budget (appropriation) transfers to other budget accounts. The contingency amount for 2020-21 has remained the same.

Contributions to Outside Agencies – Town Agencies

Contributions to Town agencies has increased by \$57,002 or 2.4%. This is mainly due to an increase in contributions to the Cyrenius H. Booth Library of \$40,849.

Town agencies include: Town Hall Board of Managers; Cyrenius H. Booth Library; Newtown Youth & Family Services; Newtown Health District; Children’s Adventure Center and the District Probate Court.

Contributions to Outside Agencies – Other Agencies

Contributions to other agencies has remained the same as the prior year.

FISCAL POLICY & TRENDS**EXPENDITURES** - Continued**Board of Education**

The BOE proposed budget increased \$547,366 or 0.70%. See the BOE budget for details.

[BOARD OF EDUCATION BUDGET WEB PAGE](#) (right click – open hyperlink)

Teacher's pension costs are not in this budget. They are paid for by the State of Connecticut.

In fiscal year 2018/19 the State of Connecticut paid \$ 10,753,263 into the Teacher's Retirement System for Newtown teachers.

The State of Connecticut's net pension liability associated with the Town of Newtown teachers is \$ 111,262,401 (using a 8.0% discount rate). Using a 7.0% discount rate results in a \$ 140,615,436 net pension liability.

Capital Financing – Debt Service

The annual appropriation for debt service is planned and determined by the Town's Capital Improvement Program (CIP). Planned projects still need to go thru the special appropriation process to move forward. The CIP covering fiscal years 2020 – 2021 thru 2024 – 2025 has planned \$55,318,438 (\$38,388,475 to be bonded) towards Newtown's capital infrastructure over the next five years. While the CIP continues the long term commitment to the Town's capital needs, it also reflects the economic challenges currently facing the Town. The CIP ensures the funding of necessary capital items while keeping the debt service budget at appropriate levels. Debt service has increased \$ 236,679 or 2.5% due to a reduction in the current debt service schedule offset by a planned new bond issue in March 2020 and the application of debt service funds. The debt service amount remains under the 9.0% budget cap established in the Town debt service policy. See page 297 for the current CIP plan.

REVENUE ACCOUNT DETAIL**PROPERTY TAXES**

Current Year Taxes: Current year taxes equal the total expenditure budget less all other resources (revenues):

Total expenditure budget = \$121,626,535

Total all other resources = \$ 12,365,526

Current year taxes = \$109,190,009

Prior Year Taxes: Prior year taxes represent collections of delinquent taxes from prior years. Amount estimated (budgeted) is based on collection experience and a review of major delinquent accounts.

Interest and Lien Fees: Interest and lien fees on delinquent taxes. Estimate is based on collection experience.

Supplemental Motor Vehicle Taxes: This account reflects supplemental motor vehicle tax collections. All motor vehicles registered after October 1st are billed in January (as opposed to the prior July if the motor vehicle was registered before October 1st). Estimates are arrived by using prior years experience and the condition of the economy (motor vehicle sales).

Telecommunication Property Taxes: Connecticut General Statutes allow telecommunications services companies to have their personal property assessed by the State, rather than the Assessor of the town in which it is located. These companies issue personal property tax payments directly to municipalities. Estimates are based on prior year's experience. The State does not inform the Town the amount till after the budget is approved.

Elderly Tax Relief – Circuit Breaker Municipalities are reimbursed for the revenue loss incurred as a result of granting real property tax credits to the elderly and totally disabled. State law provides a property tax credit program for Connecticut owners in residence of real property, who are elderly (65 and over) or totally disabled, and whose annual incomes do not exceed certain limits. An estimate is received from the Assessor. **THE STATE HAS STOPPED REIMBURSING TOWNS IN 2017-18. TO DATE THERE ARE NO STATE MONIES AVAILABLE FOR THIS PROGRAM.**

In Lieu of Tax - State Owned Property Estimate is taken from the State’s Office of Policy and Management’s “Estimates of State Aid to Municipalities” publication (usually February of each year). This grant provides payments for real property tax losses due to exemptions applicable to state owned real property. The amount is not a 100% reimbursement of lost taxes. The amount from the State has been declining.

Veteran’s Additional Exemptions: To reimburse towns, cities and boroughs that provide additional property tax relief for veterans and certain survivors who are already receiving exemptions/tax relief under the Veterans' Program provided for in the Connecticut General Statutes: Section 12-81 (19) through (26). State law provides a basic \$1,000 property tax exemption for certain honorably discharged veterans who actively served at least 90 days during war time, or their survivors. State law also provides an additional exemption for veterans and disabled veterans who are eligible for the basic exemption and who can meet certain income limits. Estimates are based on prior year amounts.

Totally Disabled Exemption: To reimburse municipalities that provide property tax relief to resident property owners eligible for total disability payments under Social Security or other government retirement plans. State law provides a \$1,000 property tax exemption for property owners who are permanently and totally disabled. An applicant must be permanently and totally disabled and receiving Social Security disability benefits or benefits under a federal, state or local retirement program which contains disability requirements comparable to those of the Social Security Administration. Estimates are based on prior year amounts.

INTERGOVERNMENTAL (-continued-)

Town Aid for Roads: A grant to reimburse the towns for construction, reconstruction, improvement or maintenance of highways, sections of highways, bridges or structures incidental to highways and bridges or the improvement thereof, including the plowing of snow, the sanding of icy pavements, the trimming and removal of trees, the installation, replacement and maintenance of traffic signs, signals and markings, and for traffic control and vehicular safety programs, traffic and parking planning and administration, and other purposes and programs related to highways, traffic and parking, and for the purposes of providing and operating essential public transportation services and related facilities. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year).

Mashantucket, Pequot Grant: To provide unrestricted grants to towns from the proceeds of the Mashantucket Pequot/Mohegan Fund. The Mashantucket Pequot/Mohegan Fund annually distributes a grant to each of the state's 169 municipalities. The distribution is based on numerous factors including, but not limited to, the value of state-owned property, private college and general hospitals, population, equalized net grand list, and per capita income as set forth in Sections 3-55i, j, and k of the Connecticut General Statutes. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year).

CT School Building Grant These school construction grants are the "old" school construction grants. These grants represent partial reimbursement of bond principal and interest payments relating to school construction projects. Now towns are reimbursed on a current basis. Eligible school construction projects are now bonded on a net cost basis. **These "old" grants were paid off in 2018-19.**

REVENUE ACCOUNT DETAIL-INTERGOVERNMENTAL (-continued-)

Miscellaneous Grants: This account is used for any miscellaneous grants received that are of a reimbursement type. Typically no revenue estimate is recorded unless there is a specific grant known.

LOCIP Grant: To provide reimbursement to cities, towns and boroughs for specific capital projects (such as road, bridge or sewer construction) as fully defined in Connecticut General Statutes Section 7-536(a)4, and to encourage development of a five year Local Capital Improvement Plan by the towns. The Local Capital Improvement Program (LoCIP) distributes funds to municipalities to reimburse the cost of eligible local capital improvement projects such as road, bridge or public building construction activities. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year).

Grants for Municipal Projects: The Office of Policy and Management administers this program pursuant to PA 13-239 (55), PA 13-247 (128) and PA 15-1 (JSS – 55) for the construction and maintenance of public highways, roads and bridges.

Municipal Revenue Sharing: Beginning in 2016 -17, The Office of Policy and Management administers this program pursuant to PA 15-244 (207 b 4) and PA 15-4 (494 b 4).

Education Cost Sharing The Education Cost Sharing (ECS) grant has been in existence since 1989-90. It continues to be Connecticut's primary education equalization aid program. The State Department of Education administers this grant. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year).

The ECS grant revenue estimate has been underestimated to prepare for further state reductions in upcoming years.

REVENUE ACCOUNT DETAIL-INTERGOVERNMENTAL (-continued-)

Public School Transportation Grant: The Department of Education administers the Public School Transportation grant pursuant to CGS §10-54, §10-66ee, §10-97, §10-158a, §10-266m, §10-273a and §10-277. Percentages used to reimburse local districts for public school transportation expenditures depend on local wealth, based on the ranking of each district's Adjusted Equalized Net Grand List Per Capita (AENGLC). The wealthiest 17 towns are assigned a reimbursement percentage of zero; the remaining districts are each assigned a reimbursement percentage that is more than zero and equal to or less than 60. Secondary and K-12 regional districts receive a 10 percentage point bonus. No local or regional board of education may receive an entitlement of less than \$1,000. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation. Due to the state's current fiscal constraints, this grant program was reduced by 10% in FY2011-12. The amount available for FY2012-13 was reduced even further in anticipation of reduced transportation costs based on the outcome of the Connecticut Regional Educational Service Center Alliance study in FY 2011-12. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year). **FUNDING HAS BEEN REDUCED TO -0-**

Non Public School Transportation Grant: The Department of Education administers the Non-public School Transportation grant pursuant to CGS §10-266m, §10-277 and §10-281. Percentages used to reimburse local districts for non-public school transportation expenditures are determined in the same manner as are the reimbursement percentages for the Public School Transportation Grant. Allowable transportation costs for non-public school children are capped at twice the per pupil public school transportation expenditure for the year prior to the expenditure year. There is a proportionate reduction of grant totals, as calculated, to the amount of the appropriation. Due to the state's current fiscal constraints, this grant program was reduced by 10% in FY2011-12. Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year). **FUNDING HAS BEEN REDUCED TO -0-**

Health Services – St. Rose: Estimate is taken from the State's Office of Policy and Management's "Estimates of State Aid to Municipalities" publication (usually February of each year).

DEPARTMENT: ASSESSOR**MISSION/DESCRIPTION**

The Assessor's Office is responsible for maintaining and creating the annual Grand List. This List includes Real Property, Personal Property, and Motor Vehicles. All assessments are at 70% of its value in accordance with provisions of the Connecticut General Statutes. Real property is land and building improvements located within the City limits. Taxation is based on the assessed value established during the last revaluation. The interim years are updated with the addition of new construction. This involves the physical inspection of new construction, i.e., new house, addition, decks, remodeling, etc. The source is usually through the building permits issued. The Personal Property list consists of all businesses located within the Town of Newtown. In general terms, personal property is everything needed to engage in a business enterprise, excluding land and any improvements thereon. The common categories are machinery, furniture and fixtures, equipment, data processing equipment, horses and ponies, and unregistered motor vehicles. Discovery of new accounts are obtained by telephone directories, newspaper articles, advertisements, trade names filed with the City Clerk, and a physical canvass of the business districts. State Statutes require all owners of business personal property to file annual lists of such property no later than November 1st, or be subject to a 25% penalty. The Motor Vehicle list is developed with the help of the Department of Motor Vehicles. Pursuant to Section 14-163 of the Connecticut General Statutes, the Commissioner of Motor Vehicles is required to furnish to the Assessor in each town, a list containing the names and addresses of the owners of motor vehicles, residing in their respective towns, as they appear on October 1st of each year, using the records of the motor vehicles department. The list is then priced and developed according to this information. The values are based on average retail from the National Automobile Dealers Association price guides recommended by the Office of Policy & Management. In addition, the Assessor is responsible for reviewing and approving various forms of property tax relief. The result of these efforts is annual reconciliation of the Grand List: a record of all Taxable and Tax-exempt property in Newtown.

BUDGET HIGHLIGHTS

The budget for the Assessor department, for fiscal year 2020-21 is increased by \$3,386 or 1.03%. Increase is mainly due to an increase in salaries & wages and benefits.

DEPARTMENT: TECHNOLOGY DEPARTMENT**MISSION/DESCRIPTION**

The Technology and Geographic Information System (GIS) Department provides 7x24x365 technological support to all departments within the town. This department provides strategic planning for the IT infrastructure and applications, which includes hardware and software support along with decisions regarding application deployment strategies. The organization oversees IT vendor management, desktop purchases and their deployment while maintaining the daily operation of all application and system programs. Data and network security are also significant areas managed by the department. The routers, switches, servers and firewall equipment, are vital components to the infrastructure and this department works to maintain a secure network environment, protected from hackers, viruses and other malicious intent. The staff also provides help desk support to nearly 200 town employees who require PC application assistance, PC repair, network configuration and troubleshooting, web application installations, e-mail support, backup and recovery of data and security monitoring along with telephone support.

The organization works with the Police Department to maintain Mobile Device Terminals (MDTs) used in patrol vehicles during traffic stops and other patrol activities. The IT department collaborates with 911 dispatchers, who receive approximately 6,500 emergency calls annually, to provide maintenance support for their equipment. For the Fire Department, the technology staff maintains the KNOX box codes required for emergency building access.

The GIS maintains the database of all town properties that include detailed information on residential homes, property boundary lines, wetlands, sewer lines and fire hydrants. This database is used by the Police Department and Dispatch to verify caller location to help ensure that emergency services arrive directly to the location of concern. The GIS database is also used to track work order progress in the DPW department and document town infrastructure repairs. Online services to residents include home alarm registration, building permit registration, and reporting issues to DPW such as road repair, trees down or snow plowing concerns.

The Technology and GIS department will continue to support the town and its residents by implementing processes, systems and applications that will:

- Streamline and facilitate access to town information
- Cost-effectively simplify the environment
- Secure and protect the town's technological assets and data
- Support municipal goals for improving and enhancing services

DEPARTMENT: UNEMPLOYMENT

DESCRIPTION

Municipalities have a choice when it comes to paying unemployment. They can pay the tax or reimburse the fund. The Town has chosen to reimburse the unemployment compensation fund for the total amount of regular benefits extended to prior employees instead of paying unemployment insurance taxes. The Town is billed once a month by the State Department of Labor for benefits paid to past employees.

BUDGET HIGHLIGHTS

This account is a very hard account to predict. The amount actually paid depends on how soon a past employee gets gainful employment. Typically this account has had a budget of \$10,000 - \$15,000. Expenditures have ranged from \$7,000 to \$30,000 over the years. If an additional appropriation is needed it has come from contingency.

DEPARTMENT: OPEB CONTRIBUTION

DESCRIPTION

This department represents the amount contributed to the Other Post Employment Benefits (OPEB) Trust Fund for the payment of retiree medical benefits. Like the pension fund, employees that receive benefits after retirement earn those benefits each year they work. Amounts are contributed to the trust for future benefits. The Police and Teachers are eligible for retiree health benefits (the BOE budgets an amount for the teachers OPEB amounts).

BUDGET HIGHLIGHTS

Contributions to the OPEB fund started in 2009-2010 due to a new accounting pronouncement. It was a planned target to reach the annual required contribution (ARC) over a period of five years. However this has not been possible due to the economic downturn. The amount in the medical benefit account represents current retiree medical costs. The total budget amount represents a percent of the ARC for the Town (BOE has \$100,000 OPEB).

The Connecticut Inter-local Risk Management Agency (CIRMA) was established as a service program of the Connecticut Conference of Municipalities (CCM) in 1980 in response to the municipal insurance crisis of the time. CIRMA has become Connecticut's leading provider of municipal risk financing and risk management services. CIRMA operates two risk pools, the Workers' Compensation and the Liability-Auto-Property pool. They also provide risk management services to self-insured municipalities (included).

The NECC, like the Police Department, is a 24 hour a day – 7 day a week – 365 day a year operation. Equipment is used on a continual 24 hour basis. There is a demand for our services and we must meet that demand with our equipment. Some equipment is redundant to prevent loss of service.

Other Purchased Services: This line item deals with NECC owned Enhanced 911 equipment which allows for three stations within the Communications Center. In the event of emergencies or special operations a third Tele communicator can be called in to either work directly at the Center in a fully redundant E-911 station or placed into the field to assist operations. All equipment must mirror the State of Connecticut equipment currently in place.

DEPARTMENT: EMERGENCY COMMUNICATIONS

Dues, Travel & Education: All Emergency Telecommunication Dispatchers (ETD) are certified by the State of Connecticut and to maintain that certification training hours must be completed over cycles of time. Each ETD is certified in Emergency Medical Dispatching (EMD) which also requires recertification to include CPR. To maintain the high level of training and discipline needed to be a tele communicator, and to maintain state certifications, training is scheduled for all ETD's throughout the year. Currently we are utilizing continual on-line training to hone skills. This budget allows for mandatory staff meetings held at a minimum of twice a year.

Office Supplies: Office supplies reduced to reflect actual experience.

Capital:

An upgrade of the radio console and many components of the radio system is currently in the capital improvement plan (CIP) in year one (2020/21). The radio console and many components of the radio system will go out of support at the end of 2018. The console will continue to function however repair will be more and more difficult to do and at some point it will not be repairable which includes items that make up the radio system and the console.

The equipment is the life line to all the responders in our community – Police / Fire and EMS.

DEPARTMENT: POLICE**ACCOUNT DETAIL****Salaries & Wages – Full Time**

The Chief of Police, Captain and the chief's executive assistant are non union positions. The Police Chief & Captain's salaries are set by the First Selectman and Board of Selectman under language provided in the Town Charter Section 4-40. The Board of Police Commissioners by Town Charter Section 2-160 appoints the Chief of Police and the Captain. The Newtown Police Union represents all sworn officers except for the police chief and captain. A 2.25% salary increase has been estimated, as a contract has not been finalized yet. The additional increases are due to contractual step increases built in within the salary structure of the sworn staff. Any offsetting decreases are due to turnover and the resulting lower salary step.

The Civilian Personnel represented by Nutmeg Independent Public Safety Employees, NIPSEU are comprised of the following employees reflected in this budget cycle: Records Manager, Administrative Assistant, all receiving a 2.25% increase attributed to contractual agreements. The Chief's Executive Assistant is a non-union position and a 2.25% increase is reflected in this budget.

Police Vehicles: Since 2012, the Department had begun the process of replacing the standard issue Ford Crown Victoria front line patrol vehicle. Standardization is truly important and warranted as a best practice in the industry. Since 2012, the department began to purchase AWD Police rated utility patrol vehicles. Last year, FY 2019/2020 saw an increase in vehicle cost due to a mid-year model change by Ford Motor Company. This change was both internal and external resulting in an unfitting increase to the new vehicles, prohibiting the use of some equipment from the vehicles being traded-in. Total cost per vehicle is as follows:

32,941 x 3 = 98,823 (vehicles only)

14,240 x 3 = 42,722 (up fitting cost)

-2,500 x 3 = 7,500 (trade- in)

134,096 Total cost for purchase and unfitting of 3 front line vehicles

LC reduced by \$45,000. Vehicle to be funded thru the Capital & Non-recurring fund.

See page 301 for a police vehicle inventory.

DEPARTMENT: FIRE**MISSION/DESCRIPTION**

The Town of Newtown is served by an all-volunteer fire service. Due to its size (60.38Square miles) the town is divided into five (5) geographical sections, each served by its own fire company housed in independently owned fire stations. There are five (5) main stations and one (1) substation. The companies are Newtown Hook & Ladder, Dodgingtown, Hawleyville, Sandy Hook and Botsford. Currently there are 31 pieces of fire/rescue apparatus. Fifteen (15) of these are owned by the Town and the remaining have been purchased by the companies with monies raised by fund raising activities and private donations. The duties of the fire companies are not limited to only fighting fires. They also respond to medical calls, motor vehicle accidents, hazardous conditions calls (i.e.: Wires down, hazardous materials etc.) search and rescue operations, automatic alarms and public service events.

The fire companies are overseen by the Board of Fire Commissioners (BOFC) which is comprised of seven (7) members. Five (5) members represent the five fire companies and there are two (2) civilian members. The BOFC oversees the purchase and maintenance of all town owned firefighting apparatus and all capital equipment. They also oversee the general operating procedures of the combined fire companies.

In addition, the BOFC is responsible for overseeing the Fire Marshal's Office (hiring and appointing the Fire Marshal and Deputies and budgeting for office operations). The Fire Marshal's office inspect all commercial buildings annually, investigate and report on fires, issue permits (Blasting, Tank Removals, Open Burn), site plan reviews for subdivisions and all commercial projects, plan reviews of all new commercial building specs as well as many the inspections throughout construction of commercial building, the fire marshal's office takes pride in inspecting 100% of all businesses and 3+ family residence annually. Currently, Newtown has one (1) full time Marshal, one full time Deputy/Purchasing Agent, one (1) full time Administrative Assistant, two (2) part time deputies and one (1) deputy liaison to the police department for the Town of Newtown.

While responsible financial planning is a large concern for the BOFC there is a larger concern for the safety of our fire fighters who volunteer to protect the residents of Newtown. We have a moral obligation to make sure they are properly equipped to tackle any emergency they may encounter each fiscal year.

Group Insurance; Social Security Contributions; Retirement Contributions: Group Insurance – This amount includes medical benefits, life insurance and long term disability. The medical benefit piece reflects the amount charged by the Medical Self Insurance Fund for the employer’s share of employee medical benefit costs. See the Medical Self Insurance Fund section, starting on page 293, for a breakdown of medical benefit costs and the distribution of costs to the various departments. The life insurance piece reflects the cost of the life insurance benefit per union contract. The long term disability piece reflects the cost of the long term disability benefit per union contract. Social Security Contributions – this amount reflects the employer’s share of the Social Security and Medicare federal retirement program (Federal Insurance Contributions Act). The employers share is 7.65% of payroll (including overtime). 6.2% is for Social Security and 1.45% is for Medicare. Retirement Contributions – this amount reflects a portion of the annual required contribution (ARC) that is need to properly fund the pension plan. The ARC is expressed as a percent of payroll. See the Pension Fund section starting on page 291 for a description of the pension plans and a breakdown of the ARC (by department). It also includes any contributions to a defined contribution plan (if the employee is not eligible for the pension plan).

Other Employee Benefits: This account covers the cost of the firefighter’s Length of Service Awards Program (LOSAP). The budgeted amount of this policy is \$177,000. The LOSAP helps attract and retain quality, volunteer, emergency service personnel. Effective protection depends on the ability to recruit, train and retain these key individuals. The unattractive alternative is to replace volunteer departments with partially or fully paid organizations at a very high cost to the tax payers. The unacceptable alternative is a reduction in personnel resulting in a greater potential for loss of life and destruction of property. The account also covers the cost of the Response Improvement Program and Daytime Drivers Stipend Program (another personnel retention program). Additional amount for daytime drivers represents a daytime driver for Hawleyville and Dodgingtown. This account is also for mileage reimbursement of the part time deputy fire marshals use of their personal vehicles for fire marshal duties.

Other Purchased Services:

Paramedic Program - \$230,000: In order to provide Advanced Life Support (ALS) to the Newtown community, Newtown Volunteer Ambulance Association, Inc. (NVAA) contracts for a paramedic 24/7. The Town of Newtown pays a majority portion of the paramedic contract, NVAA pays the remaining amount. In 2006 NVAA commenced providing ALS service to the community. At that time, the Town’s portion of the paramedic contract was about 75%. The cost of the paramedic contract has risen steadily over the years. Today, the Town’s share of the paramedic contract is 64% and NVAA’s is 36%. The current paramedic contract is with Danbury Ambulance Services, Inc. (DAS). Western CT Health Network (Danbury Hospital) recently purchased DAS. Because of this purchase, NVAA expects the cost of the paramedic contract to increase significantly in the near future.

Ambulance - \$40,000: The Town of Newtown contributes \$40,000 a year towards the cost a new ambulance. An ambulance is replaced every two to three years (so effectively Newtown is contributing \$80,000 - \$120,000 towards a new ambulance). The cost of an ambulance (exclusive of outfitting the interior with meds, equipment, etc.) can range from \$150,000 - \$250,000 depending on the size and type of ambulance.

Salaries & Wages - Overtime: This account covers overtime for work performed outside of normal working hours to ensure public safety. Such situations may include but are not limited to storms, assisting emergency response, trees down, motor vehicle accidents, building repairs, and ice conditions. It covers July 1 to November 15 and April 15 to June 30. The balance of overtime is covered in the Winter Maintenance Overtime account.

Medical Benefits / Social Security / Life Insurance / Pension / Long Term Disability: Medical benefits – this amount reflects the amount charged by the Medical Self Insurance Fund for the employer’s share of employee medical benefit costs. See the Medical Self Insurance Fund section, starting on page 293, for a breakdown of medical benefit costs and the distribution of costs to the various departments. **Social Security (FICA)** – this amount reflects the employer’s share of the Social Security and Medicare federal retirement program (Federal Insurance Contributions Act). The employers share is 7.65% of payroll (including overtime). 6.2% is for Social Security and 1.45% is for Medicare. **Life Insurance** – this amount reflects the cost of the life insurance benefit per union contract. **Pension** – this amount reflects a portion of the annual required contribution (ARC) that is need to properly fund the pension plan. The ARC is expressed as a percent of payroll. See the Pension Fund section starting on page 291 for a description of the pension plans and a breakdown of the ARC (by department). It also includes any contributions to a defined contribution plan (if the employee is not eligible for the pension plan). **Long Term Disability** - this amount reflects the cost of the long term disability benefit per union contract.

- 4 x \$250 Clothing (Operations Manager, Fleet Manager, Deputy Director, Town Engineer)
- 4 x \$75 Safety Shoes (Operations Manager, Fleet Manager, Deputy Director, Town Engineer)
- 34 x \$500 Clothing and safety shoes for Highway Employees

Fees & Professional Services: The Town Tree Warden is paid \$15,000 annually for the hours required to survey resident work orders and contract tree removal.

DEPARTMENT: HIGHWAY

Repairs & Maintenance: This account is used for all types of replacement costs, service charges and repair expenses necessary to maintain all Highway Department equipment and vehicles, Police Department, Car Pool and Park & Recreation vehicles. Fire Ambulance and School vehicles are also repaired although they pay for parts. This account covers purchases and replacement of any or all vehicle components or various tools and equipment required to keep the Town’s vehicles and equipment in safe, legal and running order. The requested increase essentially covers inflation on material costs and the increased operational requirements of the Parks & Recreation and Police Department. This is also a reflection of increased cost to maintain the rolling stock of several other departments. However, in real terms the pressure on this account is growing from storms, general use and no replacement for years for most of the rolling stock. A 2% cost increase was projected for next year based solely on inflation pressure.

Contractual Services: This account pays for the following; Tree Removal pays for outside contractors to remove hazardous trees. Contractual – Drainage covers the cost of contractors to perform small scale drainage projects on town roads, including but not limited to under drain, outlets and raising basin tops for paving projects. All of the smaller projects are basin top replacements of existing drainage systems. Large groups of basin tops failing at the same time in one area is increasingly becoming a problem. Contractual – Sealing covers crack sealing. Crack Sealing is liquid asphalt that is poured in the cracks on the road to extend the life of the road. It extends the useful life of the wearing surface. Contractual – Line Painting pays for outside contractors for highway line painting. Such roads may be newly paved roads, or existing roads where lines have faded, stop bars, and/or cross walks. Contractual – Overlays covers the installation of various wearing surfaces by outside vendors to extend the useful life of the roads & various traffic calming requests from appropriate agencies. Contractual – Roadside is for roadside maintenance and sightline clearance performed by outside contractors. See detail on next page. Finally, this account also supports the management operational support system of GPS tracking and the department work order system.

The indicators noted above only give a snapshot of part of what the Department accomplishes each year. The line that covers "Miles of Road Projects" is limited to the actual linear footage of finish paving and drainage system installed. What is misleading is that a thousand feet of drainage may affect an entire mile of roadway. The second indicator is reflective of the significant utility infrastructure installation work now commonly undertaken by the Department

DEPARTMENT: WINTER MAINTENANCE

MISSION/DESCRIPTION

This program consists of snow removal and sanding in the winter and removal of winter sand from the roadways and catch basins in the spring and summer. The town snow removal operation divides the town into four quadrants with a unified highway crew of seven employees responsible for each area. There is a crew leader, lead man, heavy equipment operator and four regular truck drivers in each crew. Each crew is responsible for six plow runs of 10-12 miles in length in a total road system of approximately 270 miles. In addition to clearance of roads, the operation also encompasses school and town building parking lots and Fairfield Hill campus.

BUDGET HIGHLIGHTS

The budget for the Winter Maintenance department, for fiscal year 2020-21 decreased (\$37,296) or (4.77%). The decrease is mainly due to the reduction in treated salt prices.

Performance measures and indicators for local public health services may be elusive, as the primary goal of public health is to protect health and prevent disease and injury. Quantifying disease that has been prevented can be difficult to count. In addition, some efforts of Health District staff are not readily measured by performance indicators in a table. For example, repeated visits, inspections and training sessions with an individual food service establishment, based on the specific need of the establishment is not readily measured. Similarly, the efforts of working with a resident or neighborhood to investigate and abate a potential public health nuisance do not fall into an easily measured category. Equally important are the existing, the new and the evolving relationships with community partners with whom much work is accomplished. Time spent meeting and collaborating with those partners and providing and receiving support for community work and projects is essential to Newtown’s public health, but is not readily measured in metrics. The Newtown Health District will be working, along with many other health departments and districts in the State of CT, to systematically assess its performance of delivering essential services with the ultimate goal of accreditation.

Meals and snacks are at no extra charge.

Our Mission - The Children's Adventure Center is a dynamic learning community dedicated to providing a superior educational experience that challenges, encourages, supports, and prepares every child for success in a changing world. As a caring community of dedicated staff and supportive parents, unified in the pursuit of excellence, our vision for the center is to develop confident students who are motivated to grow as lifelong learners with strong academic skills, inquisitive attitudes, keen social intelligence, creativity, and critical thinking abilities.

Our History - The Children's Adventure Center was established in Newtown in 1969 by a group of concerned community leaders, as a non-profit organization, to provide early childhood education for local families. While researching a place for the Children's Adventure Center, the school opened in a barn on the property of the United Methodist Church in Sandy Hook, CT. Volunteers came and helped repair and prepare the center for the children and staff. In 1971, the center relocated to a contemporary building on 14 Riverside Road. The Center is governed by a volunteer Board of Directors elected annually.

N.W. Regional Mental Health Board: The Northwest Regional Mental Health Board is dedicated to improving the quality of life for people in their recovery from mental illness and addiction. The board advises, advocates, plans, educates and assesses needs and programs, which promotes enhanced services.

In 1975 the state legislature established the [Catchment Area Councils](#) and Regional Mental Health Boards to ensure that citizens from every town in Connecticut could be actively involved in the kind and quality of mental health services delivered in Connecticut. The state is divided into twenty-three catchment areas (defined geographic areas, based on population) which make up five uniform Regions. Our Region consists of the forty-three towns in the northwestern part of the state. Each Catchment Area Council is comprised of representatives appointed by the towns, which are lay citizens, called consumers who in turn elect mental health professionals, called providers. Within the group of consumers are persons in recovery, family members, and interested citizens. Each Catchment Area Council elects four of its members to the Regional Mental Health Board, and from there, members are elected to the State Board. Our Regional Board voted in 1998 to include membership from the Substance Abuse community as well, in recognition of the now merged nature of the Department of Mental Health and Addiction Services.

We fulfill our legislative mandate through the following activities:

- Representation of:
 - consumers
 - family members
 - providers
 - the communities and citizens of our region
- Review and Evaluation of programs
- Report findings to the Department and the community
- Recommend funding for services
- Provide Public Education
- Plan for needed services

DEPARTMENT: CONTRIBUTIONS TO OUTSIDE AGENCIES**N.W. Regional Mental Health Board – Continued**

- Advocate for changes when needed
- Educate and train our constituent members in systems, services and advocacy
- Enhance the quality of life for persons with mental illness and substance abuse or addiction

DEPARTMENT: CONTRIBUTIONS TO OUTSIDE AGENCIES

Newtown Parent Connection: The mission of the Newtown Parent Connection continues to be: "To educate and empower the community in the prevention of substance abuse and to embrace families in crisis". We use a three-pronged approach to serve the Newtown community:

Educate: We offer free public forums in order to generate community awareness regarding substance abuse. This spring we will be hosting our fourth annual "Parent University" which has, to date, been successful in reaching over 500 parents and 100 children. Parent University offers a morning of workshop sessions on topics ranging from parenting skills to substance abuse education for parents & caregivers, and educational programs for children.

Empower: We work with all factions of the town to coordinate efforts to strengthen the community's ability to banish drug use among our youth. We sponsor three ongoing support groups for families affected by substance abuse and addiction: a weekly "Hope & Support" parent group; a weekly "Grand's Place" grandparents' support group; and a monthly Bereavement Group for families that have lost a loved one due to catastrophic circumstances.

Embrace: We assist parents and youth in crisis by referring them to appropriate therapists and treatment programs suited to their needs. We have networked extensively with local and national agencies and treatment professionals to better service both those afflicted with addiction and their **family members**.

DEPARTMENT: CONTRIBUTIONS TO OUTSIDE AGENCIES

Kevin's Community Center: Kevin's Community Center, Inc. (KCC) was founded in 2002 as a tax-exempt nonprofit 501(c)(3) organization by Dr. and Mrs. Z. Michael Taweh in memory of their son, Kevin to address the health care crisis in Connecticut for uninsured and underinsured adult residents of Newtown, Bridgewater and Roxbury. At that time, Dr. Taweh led a community-wide, grassroots effort to found the clinic involving state and municipal government and the business, medical, financial, nonprofit and religious sectors and the citizens who had a stake in the well-being of our community. To date we have provided more than 5,000 patient visits and have delivered more than \$2,500,000 in free medical care including specialty care referrals. Through the 2008 collapse of the financial markets, KCC's patient visits soared to 800-900 annually by 2010, serving on average 120 new patient visits per year for those who had lost their health care coverage.

As the complexion and complexity of our country's healthcare system continues to change and evolve, KCC is committed to adapting in order to continue to serve the health care needs of our residents who fall in the gaps and cannot afford proper coverage. We work in collaboration with other community resources in seeing to the overall wellness of our patients. Today, we remain the primary health care provider for some 1,000 local patients.

In January 2017, after 15 years of steady fundraising and continuous monitoring of the needs of our community, we moved into our newly-acquired medical building at 25 Commerce Road, Newtown, CT where we constructed a modest but modern clinic space, now fully operational. We are in the process of fundraising to fit-out the remaining 3,500 square feet of the building as community outreach and program space. This will enable us to expand and deepen our offerings to our patients and strengthen collaboration with our vibrant wellness community for the benefit of our beloved Newtown residents.

Our vision is to provide high quality, comprehensive health care in accordance with our mission statement to those eligible for services in the towns served by the Newtown Health District. From the beginning, that vision has included the goal of building an independent facility to house the clinic services, as well as allow us to:

Increase our capacity to serve more patients

Increase our outreach in educational programs and professional dialogue by having a designated classroom and conference center

Make available a library for health information

Make available an outreach support center

By doing so, we at Kevin's Community Center can improve the health and enrich the lives of those most in need in our community

BUDGET HIGHLIGHTS

The Parks and Recreation budget has increased by \$19,286 or 0.77%. Change is mainly due to an increase in wages & benefits offset by a decrease in the capital account.

A 350 truck is being purchased via a town internal lease for \$65,000. \$13,000 is being charged in 2020-21. Taking the purchase as a whole effectively increases the parks and recreation budget by \$71,286 (\$19,286 + \$52,000) or 2.84%.

This includes the maintenance of Dickinson and Treadwell Parks, Orchard Hill Nature Center, Lake Lillinonah Park and Eichler's Cove, maintenance of 40+ athletic fields, school fields and other Town Parcels. Sports are playing two/three seasons per year (in some cases four seasons). Parks and Recreation special event space lining and set up at Fairfield Hills for delineated parking.

The need to increase funds for trail maintenance is rising as we are growing our relationship with the Land Use Agency for a cooperative effort on expanding our trails along with collaborating with the Newtown Trail Committee. We did not address these needs this budget season in an effort to keep costs down.

We are also working to use less toxic pesticides on town property to protect the waterways and the Protect our Pollinators organization's to support positive environmental expectations and changes. 2.3 % increase for cost escalation

Group Insurance; Retirement Contributions: **Group Insurance** – This amount includes life insurance and long term disability. **Retirement Contributions** – this amount reflects a portion of the annual required contribution (ARC) that is need to properly fund the pension plan. The ARC is expressed as a percent of payroll. See the Pension Fund section starting on page 291 for a description of the pension plans and a breakdown of the ARC (by department). It also includes any contributions to a defined contribution plan (if the employee is not eligible for the pension plan).

Contributions to Outside Agencies - Library Contribution: The Town of Newtown funds the library's operating and capital budget after the application of grants, fees, fund raising and investment income. The following is the library's internal budget for 2020-2021 (next page):

DEPARTMENT: LIBRARY**ACCOUNT DETAIL**

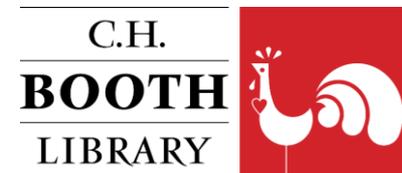

Income/Other Operating: Decreases in fundraising lines reflect more realistic amounts that can be expected from private fundraising. Decreased income and service eliminations by the State of CT will be offset by the municipality. Minimal town expenditures on library services enhance the availability of free resources for all residents.

Personnel Expenses: Salaries reflect the recommended 2.25% increase; benefits and Social Security reflect a 3% recommendation.

Library Operations: Operations budget lines reflect responsiveness to patron needs, funding priorities identified in the library's strategic plan, and facility maintenance needs. The increased Technology line includes VOIP systems and an assisted listening system for patron programs which ensures ADA compliance. The AV/Software line includes an increase for digital content via a wide array of platforms, the area of the circulating collections in highest demand. Other expenses (e.g., Periodicals, Integrated Library System, Contractual etc.) are in line with industry-standard rises. Emphasis on professional staff development and training continues, the equipment line contains an amount for a replacement book drop, and the Programs line will continue to fund free educative seminars and meetings for the general population, small business community, and entrepreneurs. Program attendance during last year was up by 22%. All budget lines were arrived at after careful analysis of needs for the shorter, one-year term and those that could be delayed.

Occupancy Expenses: Occupancy costs for running the facility with aging systems reflect a minimal 2% rise. These figures are accurate, historically sound, and reflective of the reality of occupancy expense.

Administration Expenses: Administration expenses have decreased to keep pace with lower revenues.

DEPARTMENT: LIBRARY**Friends of the C.H. Booth Library**

The library's budget funds core services and operations. The independent 501(c)(3) organization Friends of the C.H. Booth Library provide supplemental financial support to the library in order to enrich the intellectual and cultural life of Newtown. For the last two years the Friends have contributed \$105,000 in a restricted grant used primarily for library materials and content – books, movies, audio titles, and digital content. The Friends have also provided critical support for some technology upgrades and for educational programming for all ages and associated equipment key to delivery of this content, and for special projects that aid the library in turning outward to special constituencies. Funds received from the Friends are not included in the budget figures reflected here. Likewise, neither are corresponding expenses for which these funds are used. The revenue and expenses relating to the Friends offset each other with zero impact to the library's municipal funding request.

BUDGET HIGHLIGHTS

In 2008-2009 the first appropriation of \$2,000 was approved to help the new commission with its administrative expenses. In the same fiscal year an additional \$10,000 was approved to help fund the Connecticut Film Festival. Since that first year annual budget amounts have been relatively level. The budget in 2019-20 was reduced to -0- due to a healthy fund balance in the cultural arts special revenue fund.

The Cultural Arts Special Revenue Fund had a fund balance of \$185,301 on June 30, 2019.

DEPARTMENT: DEBT SERVICE

MISSION/DESCRIPTION

The Debt Service department accounts for annual principal and interest payments on bonds and bond anticipation notes. The related debt has been used to finance projects authorized from the Town Capital Improvement Plan (See page 282 for additional information on the Capital Improvement Plan). The Town has an approved debt management policy that states that the annual debt service amount should not be more than 9.0% of the total budget amount. This is a maximum cap. The Town is working towards keeping the limit below 8.5% as a future goal.

BUDGET HIGHLIGHTS

The budget for the Debt Service, for fiscal year 2020-21 has increased by \$236,679 or 2.56%. This was forecasted in the CIP debt report (before premium on bonds).

Board of Education capital projects comprise 44% of the total annual debt service amount. It is typical in Connecticut that all of the annual debt service amounts are included on the Board of Selectmen budget.

DEPARTMENT: RESERVE FOR CAPITAL NONRECURRING

MISSION/DESCRIPTION

This account dedicates a portion of the Town's operating budget for capital purposes (around a quarter of one percent of the budget is a standard benchmark). This provides financial flexibility and reduces long term financing of capital items. The amount budgeted in this account is transferred to the Capital Non Recurring Fund. The Capital Non Recurring Fund is a multiyear fund where funding can accumulate enabling the Town to acquire larger capital assets on a pay-as-you-go basis. This capital asset financing decision is typically done during the Capital Improvement Plan budgeting process or it can be made in the regular budget process. During midyear, if a capital asset needs replacing, the Town can have the financial flexibility to acquire the asset thru the Capital Non Recurring Fund (if funds are available).

BUDGET HIGHLIGHTS

Best practices state that funding to a capital non-recurring fund should be done on a consistent basis. It is expected that in certain budget years funding may not be available which is accepted as long as the Town goes back to steady funding. The last few years were some of those years, due to the economic climate. The request for 2020-21 is \$220,000.

The actual amounts for 2017-18 & 2018-19 relates to the May 2018 storm.

See account detail (next page) for planned capital items.

DEPARTMENT: TOWN HALL BOARD OF MANAGERS**MISSION/DESCRIPTION**

The administration of the Edmond Town Hall is as unique as the building itself. While the title is vested in the Town, a bi-partisan elected Board of Managers run the building. A full time manager supervises the maintenance of the building, which includes a movie theater.

The building also offers a variety of rooms for all occasions, including the Alexandria Room for weddings, parties and recitals; and a gymnasium for sports, parties and craft shows. Smaller meeting rooms are also available. For arrangements, call the Managers office at 270-4285.

The Board of Managers is composed of six members serving six year terms. At each regular Town Election, two members are elected, both of whom may not be members of the same political party. According to Town Charter, the Board "shall have the exclusive care and maintenance of Edmond Town Hall and all grounds and buildings appurtenant thereto, together with all powers and duties prescribed for said Board by Special Act No. 98 of the 1931 session by which it was created, as amended by Special Act No. 517 of the 1953 session".

PENSION TRUST FUND

The Town contributes to three pension plans: Selectmen and Board of Education Personnel, Police Personnel and Elected Officials. Two of the plans, the Selectmen and Board of Education Personnel and the Police Personnel, are single employer, contributory, defined benefit pension plans. The Elected Officials plan is a single employer defined contribution pension plan. All three plans are included in one pension trust fund. The departments in the budget are charged their share of the pension contribution amount according to a percent of payroll figure determined by the actuary. The last ten years of pension contributions made are presented below:

Pension –continued-

The large increase in 2019-2020 is mainly due to changing the actuarial calculation to best practice and the discount rate used from 7.5% to 7.0%. This is the second year of a three year phase in.

The elected officials plan is a defined contribution plan covering the First Selectman and the Town Clerk.

The most current actuarial report for each plan, which states the annual required contribution (ARC), which is the total amount funded in the budget, can be found on the Town web site under the Pension Committee.

ACTUARIAL [REPORT](#)

There is now a 401(a) plan. This is the Town's defined contribution plan. This plan applies to the following groups:

- Non union employees hired on or after 12/31/2013
- Park & recreation employees hired on or after 6/30/2014
- Police officers hired on or after 5/5/2015
- Emergency tele-communicators and police clerical staff hired on or after 7/1/2016
- Town hall employees hired on or after 7/1/2019
- Education para-educators hired on or after 7/1/2015
- Education custodial and maintenance staff hired on or after 12/15/2015

As a comparison the pension contribution requires the Town to contribute the following % of salary:

Town – 10.7%

Police – 29.0%

MEDICAL SELF INSURANCE FUND

The Town (both municipal and education) made the decision to go self insured for medical benefits (from a premium based plan) for the fiscal year 2010-2011. To reduce some risk the Town has purchased individual stop loss insurance in the amount of \$175,000 per claim and aggregate stop loss insurance covering any claims over 125% of the aggregate expected claims. In January 2011 the Legislative Council passed an ordinance creating the Self-funded Health Insurance Fund Committee:

This article shall be known and may be cited as the “Self-Funded Health Insurance Fund and Committee Ordinance”.

2. Creation of Fund and Committee

CAPITAL IMPROVEMENT PLAN (CIP)

The Capital Improvement Plan (“CIP”) is a five-year plan identifying the Town’s capital outlay and improvement needs. As a long-range plan, the CIP reflects the Town's policy regarding future physical and economic development. By providing a planned schedule of public improvements, the CIP outlines present and future public needs and priorities. A capital improvement is defined as any expenditure for equipment, buildings, infrastructure, land acquisition, plan or project in which the cost exceeds 0.25% of the Town budget for the year in which the request is made.

Capital project planning is an ongoing process. Each year the CIP document is updated. The need or idea for capital improvements can originate from the department heads, the First Selectman, the Superintendent of Schools, and boards and commissions. These items are compiled into this document and presented annually to the Board of Finance and Legislative Council. Once approved, the CIP outlines the Town’s official commitment to funding these expenditures in the subsequent year’s budgets.

Adopting a CIP does not end with the first year. Changing needs and priorities, emergencies, cost changes, mandates and changes in technology all require the CIP to be updated annually. The Town's public facilities, streets, parks, equipment, etc. are constantly in need of repair, replacement or expansion. A growing population will require additional or new facilities. These reasons require that the CIP be updated to maintain the financial solidity of the Town. The CIP achieves the following objectives as a component of the Town’s budget and financial planning process:

- Reduces the need for "crash programs" to finance the construction of Town facilities.
- Focuses attention on community goals, needs and capabilities.
- Achieves optimum use of taxpayer dollars.
- Guides future community growth and development.
- Advance planning ensures that projects are well thought out in advance of construction.
- Provides for the orderly replacement of capital expenditures.
- Encourages a more efficient governmental administration as well as maintains a sound and stable financial program.

All amounts in the five years presented are carefully planned to insure that the resulting annual total debt service payments fall within the current debt service policy guidelines. Current debt service policy dictates that the annual debt service amount for any fiscal year not be more than 9.0% of the total budget amount. The 2020/21 debt service amount, in this budget, is less than 9% of the total budget amount.

The next page shows the most current Debt Forecast Schedule used to make sure that the total projects approved on the current CIP plan stay within the debt service policy statement (keeping annual budgeted debt service payments at appropriate levels).

13. Suspension of In-Person Budget Adoption Requirements for Municipalities. Notwithstanding any contrary provision of the Connecticut General Statutes, including Title 7, or any special act, municipal charter or ordinance that conflicts with this order, the legislative body of a municipality or, in a municipality where the legislative body is a town meeting, the board of selectmen, shall authorize the budget-making authority within said municipality to adopt a budget for the July 1, 2020 - June 30, 2021 fiscal year and to set a mill rate sufficient, in addition to the other estimated yearly income of such town and in addition to such revenue surplus, if any, as may be appropriated, not only to pay the expenses of the municipality for said fiscal year, but also to absorb the revenue deficit of such town, if any, at the beginning of said fiscal year without holding votes required by charter or without complying with any in-person budget adoption requirements, including but not limited to, annual town meetings requiring votes, referendum, and special town meetings. In so acting, the budget-making authority of the municipality shall comply with public meeting requirements consistent with requirements set forth in Executive Order 7B and shall thereby take all reasonable steps to publicize the draft municipal budget for said fiscal year and to receive public comment thereon, including but not limited to publishing draft budgets on the website and providing an email address or other means for the public to submit timely comments on the proposed budget.
