2017 Revaluation Project

To Be Held: Tuesday April 25, 2017

At 6:30 PM at the

Municipal Center, 3 Primrose Street,

In the Council Chambers Meeting Room.

WE ARE CURRENTLY IN PHASE 2: MARKET ANALYSIS

A variety of resources are used to analyze the real estate market. While the physical data is being collected by Vision data collectors, appraisal personnel will be analyzing sales that have taken place over the last few years to determine which market factors influenced property values. Once all the data is collected and reviewed for accuracy, the appraisers will determine land value and set neighborhoods that rate the desirability of locations throughout the Town.

Individual property values will not be discussed at this meeting. New property values will be announced at a later date.
