Construction, Sand & Gravel Permit Application

Applicant

Applicant (if company, also include contact person): _____

Mailing Address of Applicant: _____

Phone: _____ Email: _____

Property

Property address: _____

Assessor's Map _____ Block _____ Lot _____

Owner of property: _____

Is the property located in the Aquifer Protection District? ☐ Yes ☐ No

Construction & Removal of Earth Materials

Describe the building or structure, the construction, enlargement or addition to which the excavation and removal of earth materials and/or topsoil is incidental (include reference to Zoning Permit): _____

The exact amount and value of earth material other than topsoil expected to be removed: _____

Value of the construction to which the excavation and removal is incidental: _____

Is it the intention of the applicant to remove excess topsoil after the construction is completed? ☐ Yes ☐ No

If yes, describe all property owned or controlled by the applicant which is contiguous to the parcel for which the permit is being sought (include property directly across a highway): _____

Expected date of completion of the construction to which the excavation and removal is incidental: _____

Checklist of Included Materials

- ☐ Survey or surveys prepared by a licensed land surveyor and where required by State Statute, a licensed professional engineer, drawn to a scale of 1" = 40' showing the area of excavation and the stockpiling of topsoil
- ☐ Exact computation of earth material, other than topsoil, that is to be removed, with work sheets
- ☐ Erosion and sedimentation control plan
- ☐ Valid Inland Wetland license or statement from Commission that one is not required
- ☐ Bond assuring performance of the Sand and Gravel Regulations as required by Article II Section 2.02.170 if applicable
- ☐ Agreement allowing the Town of Newtown, its agents, servants and employees to enter the property for which the permit is sought
- ☐ Copy of the deed for the parcel by which the owner acquired the property may be annexed to this application OR a retyping of the description

- ☐ **If** material other than topsoil is to be removed, topographic maps certified by a licensed professional engineer showing the before and after contours at two foot intervals for grades less than 3% and at five foot intervals for grades 3% and greater

- ☐ **If** a pond is being constructed:
 - Drainage analysis map prepared by a license professional engineer showing information required by Article II Section 2.02.130 of the Sand and Gravel Regulations
 - Statement by licensed professional engineer as required by said section of regulations

I have read and understand all pertinent Zoning Regulations. I declare under penalties of false statement that the information in the foregoing application are complete and true.
