Preface (1 of 3)

The Newtown Community Center Commission's first and foremost priority is the recommended creation of a vibrant multi-purpose Community Center building or "Hub". We recommend the size be no less than 13,000 and up to 18,000 square feet and be available to residents of all ages – with a focus on opportunities to heal (see Newtown Recovery & Resiliency Team quote on page 8).

The second priority is for an aquatic feature that we strongly recommend includes a 50-meter pool with eight swimming lanes, a movable bulkhead as well as a zero-entry pool, subject to feasibility.

The 50-meter pool offers more usage options than a shorter, 25-yard pool such as dual usage options (laps and open swim for example) as well as swim lessons, water safety and scuba courses, mommy-and-me classes, water aerobics, and synchronized swimming to name a few.

The pool also provides income generating opportunities to offset operating costs of the Center and potentially provide dollars to support sliding program fees for those with economic needs.

Preface (2 of 3)

The third priority is the undertaking of a feasibility study for a potential ice arena for a later stage of development at the Fairfield Hills Community Center campus.

These elements are the direct result of extensive resident feedback, including public forums to discuss a draft proposal, and take into account:

1. Views that 13,000 square feet seemed too small to meet the community's needs for a core Community Center building,
2. A preference to stay within an already-committed budget of \$15 million (\$10M from GE and \$5M earmarked from the Town's Capital Improvement Plan) and
3. A high level of interest in building an ice arena in town, based on responses from the Commission's online survey (see pages 48–204).

For the avoidance of doubt, a robust central Community Center building is the Commission's top priority.

Preface (3 of 3)

Because the pool area may require a slightly higher percentage of the total budget to construct, the square footage of the main building will only be finalized once more detailed estimates are submitted. Final plans can only be developed once the Public Building & Site Commission takes over the project after a passed referendum.

We strongly feel we have met our Commission Charge. We have adhered to GE's intent with their donation, provided a final proposal reflective of the majority of town residents, and above all, never lost sight of how a Center could potentially be a place our Community could come together after the tragedy of the Sandy Hook School shootings.

Executive Summary

Key Feedback

- Provide opportunities for residents to heal
- Create a vibrant and inclusive multi-generational hub
- Focus on a “Core” Center of ~18,000sf
- Give Newtown residents “priority access” over non-residents
- Design large common areas with free access to residents
- Offer competitive programming fees (sliding scales to those with financial needs)
- Hire an outside seasoned director focused on long term viability (financial/programs)
- Build an energy efficient center capable of serving as an emergency shelter
- Consider pools and/or ice arena as part of the “core center”
 - Features serve as “income engines” to offset operating costs
 - Pool satisfies larger demographic needs
- Provide multi-purpose space for multiple town groups who expressed need

Final Proposal

A Core Community Center with Indoor Pools

- Main building/”hub” of ~18,000 sf to include:
 - Large entry/common area
 - Modular/multi-purpose rooms
 - A large “great room” for events, arts, and gatherings
- Dedicated space for the Legacy Foundations
- 50 meter, 8 lane pool with one bulkhead
- Zero-entry activity pool
- Standard features: storage, locker rooms, family restrooms, spectator seating

Per Newtown

Recovery &

Resiliency Team:

“Many people heal in different ways, but most heal when they are together with others”.

The Commission’s vision is a true hub for coming together based on a broad range of interests.

Strategic Recommendations to the Town

- Create a Steering Committee comprised of residents to collaborate with Town PB&SC and provide input throughout planning and construction of the Center
- Establish a strategic plan that outlines the future community use of Town land/buildings (FFH, Edmond Town Hall, etc.) and the construction of a Senior Center, Park & Rec Offices, Cultural Arts Center, Teen Center, and permanent Resiliency Center
- Prepare land/ability to connect for the potential future construction of an ice rink, senior center or other addition
 - Include potential additions in all upfront site and building studies
- Reserve expansion ability through commitment of \$2.5M “place holder” funds in 2017–2018 CIP
- Hire an outside seasoned Community Center Director focused on long term viability of the center (financial/programs) and tasked with enhancing the income neutral business model to further ease tax payer burden
 - Continually investigate grants, fundraising or additional gift opportunities
- Continue working with local groups on funding opportunities via private means or through the Town for Community Center “add-ons” (ice arena, seniors, etc.)
- Leverage results from “*The Sports Facility Advisory/The Sports Facility Management*” feasibility and demographic study to further validate/improve financial models

Background

Donation History

- After the Sandy Hook tragedy, discussions with General Electric (GE) centered on GE's intent to help Newtown bring to fruition a project/projects that:
 - *“...the Town/municipality has been trying to achieve for eons of time but been unable to achieve due to a lack of resources”**.
- Along with this, GE's executives, personnel and Foundation members agreed that:
 - *“...the community center is the thing that we [GE] have the most support for in terms of its value/added value to the community”**
- Finally, goal was to help the entire community either through something built all at once or over time but would ultimately serve the entire community (as best as possible)
- The context of these discussions helped create the Commission's charge

Partial Transcript from 5/26/15 NCCC Meeting

Meeting time stamp: 14:47

“In March 2013, I {Pat Llodra} was first visited by a local resident, executive of GE, sharing with me the information that, through the Foundation, they would like to do something substantive for Newtown. Asked what I was thinking of…four things came to mind immediately: 1) school safety/building safe schools… 2) a new police facility (long term, existing need)…3) help us restore FFH…and the fourth one…oh those were the 3…GE person said “think bigger than that…what has the Town/municipality been trying to achieve for eons of time that you’ve been unable to achieve due to a lack of resources.”

Well, I said “a community center is the thing that’s been on our to-do list for twenty years”. Executive went back …then local GE folks got together and said “Yes, agree that the community center is the thing that we have the most support for in terms of its value/added value to the community”. There was no attempt on the part of GE personnel, corporate or Foundation or any other persons I’ve interacted with at GE to define what that means to us [Newtown], except new build, provide program and services to community that don’t exist, \$10million for build/\$5million over 5 years…those are the key constraints…nobody at GE Corporate saying “you can or can’t do that”….GE affirmed that the Town is going to make the decision that is in their best interest (interest of Town) as long as meets the criteria.”

Project # P & R - 1
Project Name Newtown Community Center

Department Parks & Recreation
Contact AMY MANGOLD, DIRECTOR
Type Building construction/renovati
Useful Life
Category Buildings
Priority TBD

Description

To provide a community center for the residents of newtown.

A Community Center Commission has been created to determine the nature of the building.

The Legislative Council, on 12/16/2015 reduced 2016/17 amount from \$10,000,000 to \$5,000,000 and in 2017/18 from \$5,000,000 to \$2,500,000.

Justification

A \$15,000,000 grant was awarded to Newtown from GE; \$10,000,000 for the design and construction of a new community center; \$5,000,000 for five years of operating expenses.

The \$10,000,000 GE grant is accounted for in the prior year. The amounts below are to be bonded.

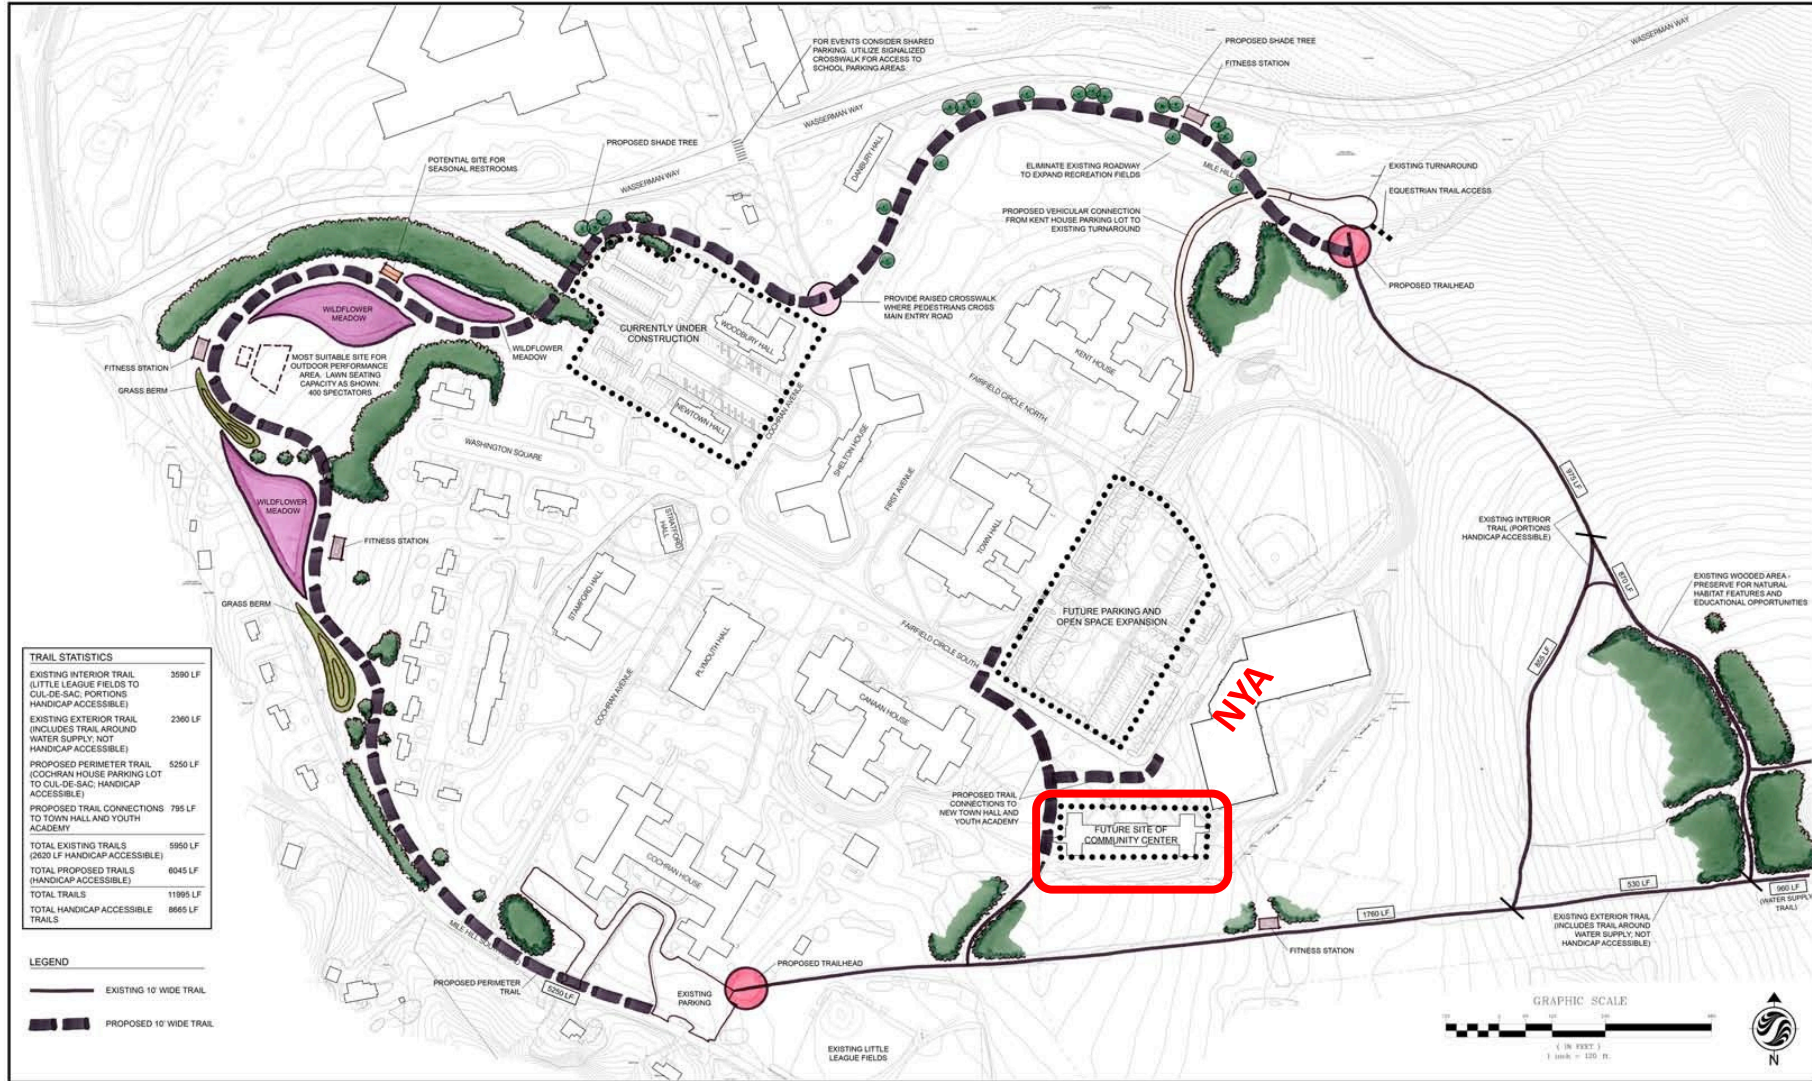

Prior	Expenditures	'16/'17	'17/'18	'18/'19	'19/'20	'20/'21	Total
9,550,000	Construction/Maintenance	5,000,000	2,500,000				7,500,000
Total	Total	5,000,000	2,500,000				7,500,000

Prior	Funding Sources	'16/'17	'17/'18	'18/'19	'19/'20	'20/'21	Total
9,550,000	Bonding	5,000,000	2,500,000				7,500,000
Total	Total	5,000,000	2,500,000				7,500,000

Budget Impact/Other

A DETAILED OPERATING BUDGET IMPACT WILL BE CALCULATED AS THE PROJECT START DATE GETS CLOSER. NO ADDITIONAL STAFF REQUIREMENTS ARE ANTICIPATED (IN THE GENERAL FUND).

CONCEPT PLAN
MAY 12, 2009

Community Center Commission Charge – *from the Commission Workbook*

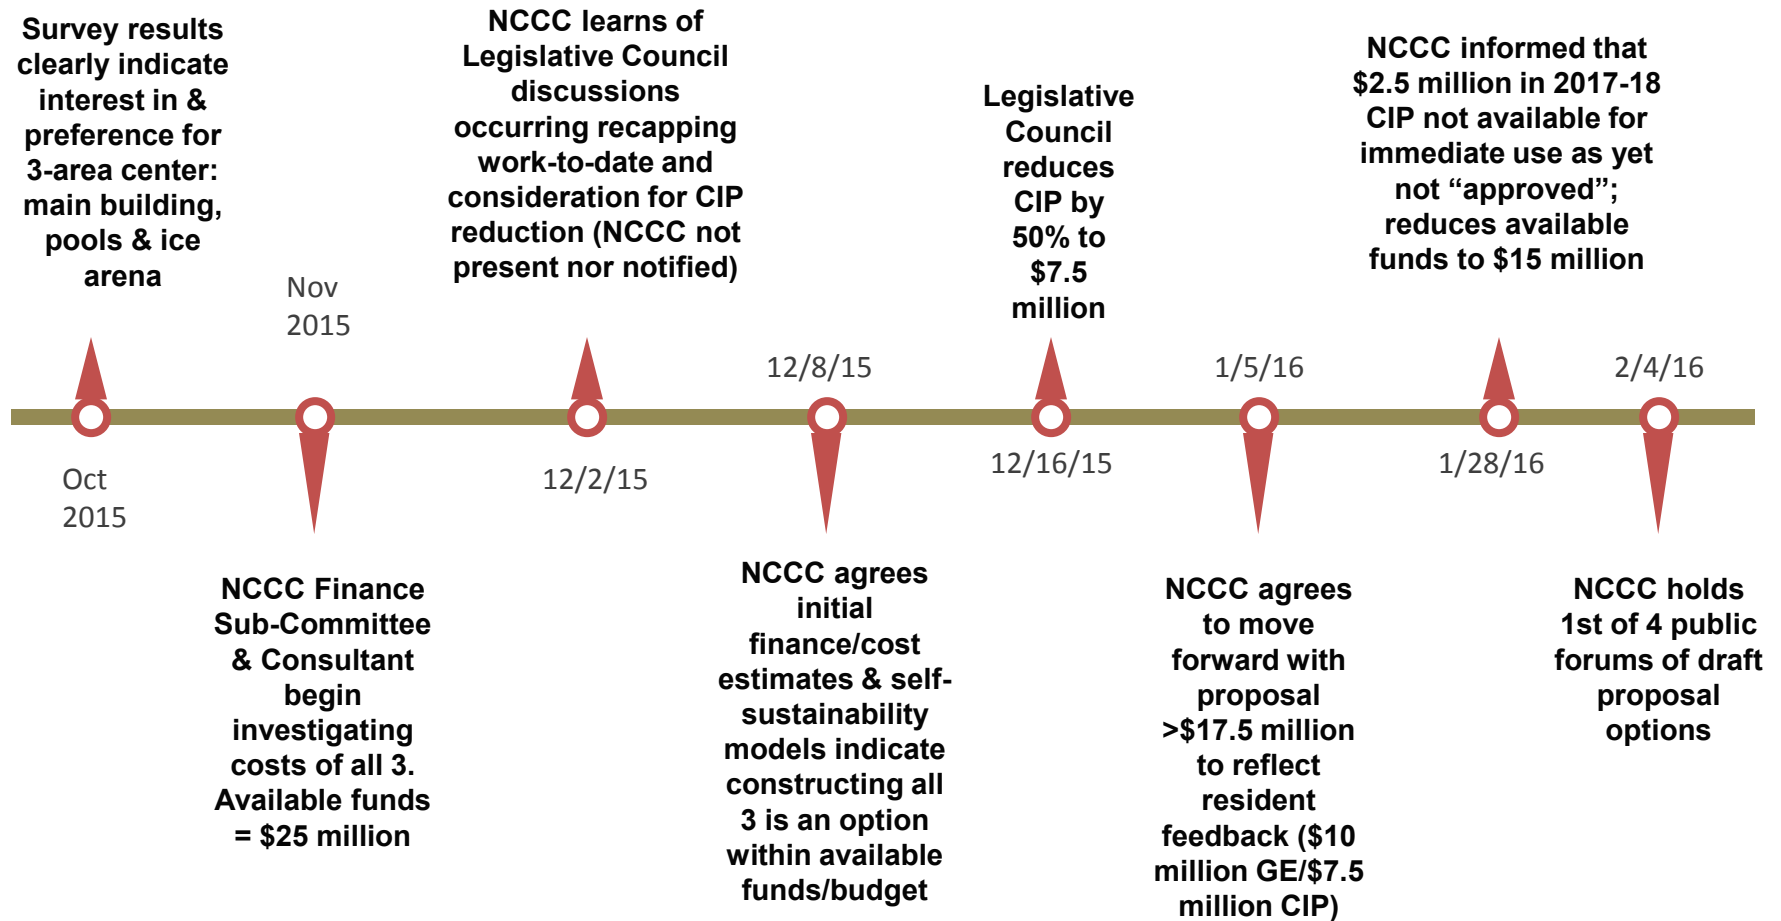

- **The Board of Selectman charges the Community Center Commission to develop a proposal for construction and operation of a facility that meets these standards:**
- **Aligned with the conditions established by the donor (GE)**
 - Creates a location that does not exist today;
 - Acts as an anchor for the people of Newtown to come together
 - Serves the needs of the entire community (as best as possible)
 - Does not duplicate existing programs/services
 - Only be used for a new “build”
 - Is based on \$10M to build; supported by a \$1M annual grant over 5 years
- **Consistent with the long-term development plan of the community of Newtown**
 - Consider the Capital Improvement Plan (CIP)
 - Consider the Fairfield Hills Master Plan, the Newtown Plan of Conservation & Development, and the Strategic Plan for Municipal Facilities (work in progress)
- **Reach out to the community to understand broad-based needs**
- **Center to be built on FFH campus on open lot next to NYA**

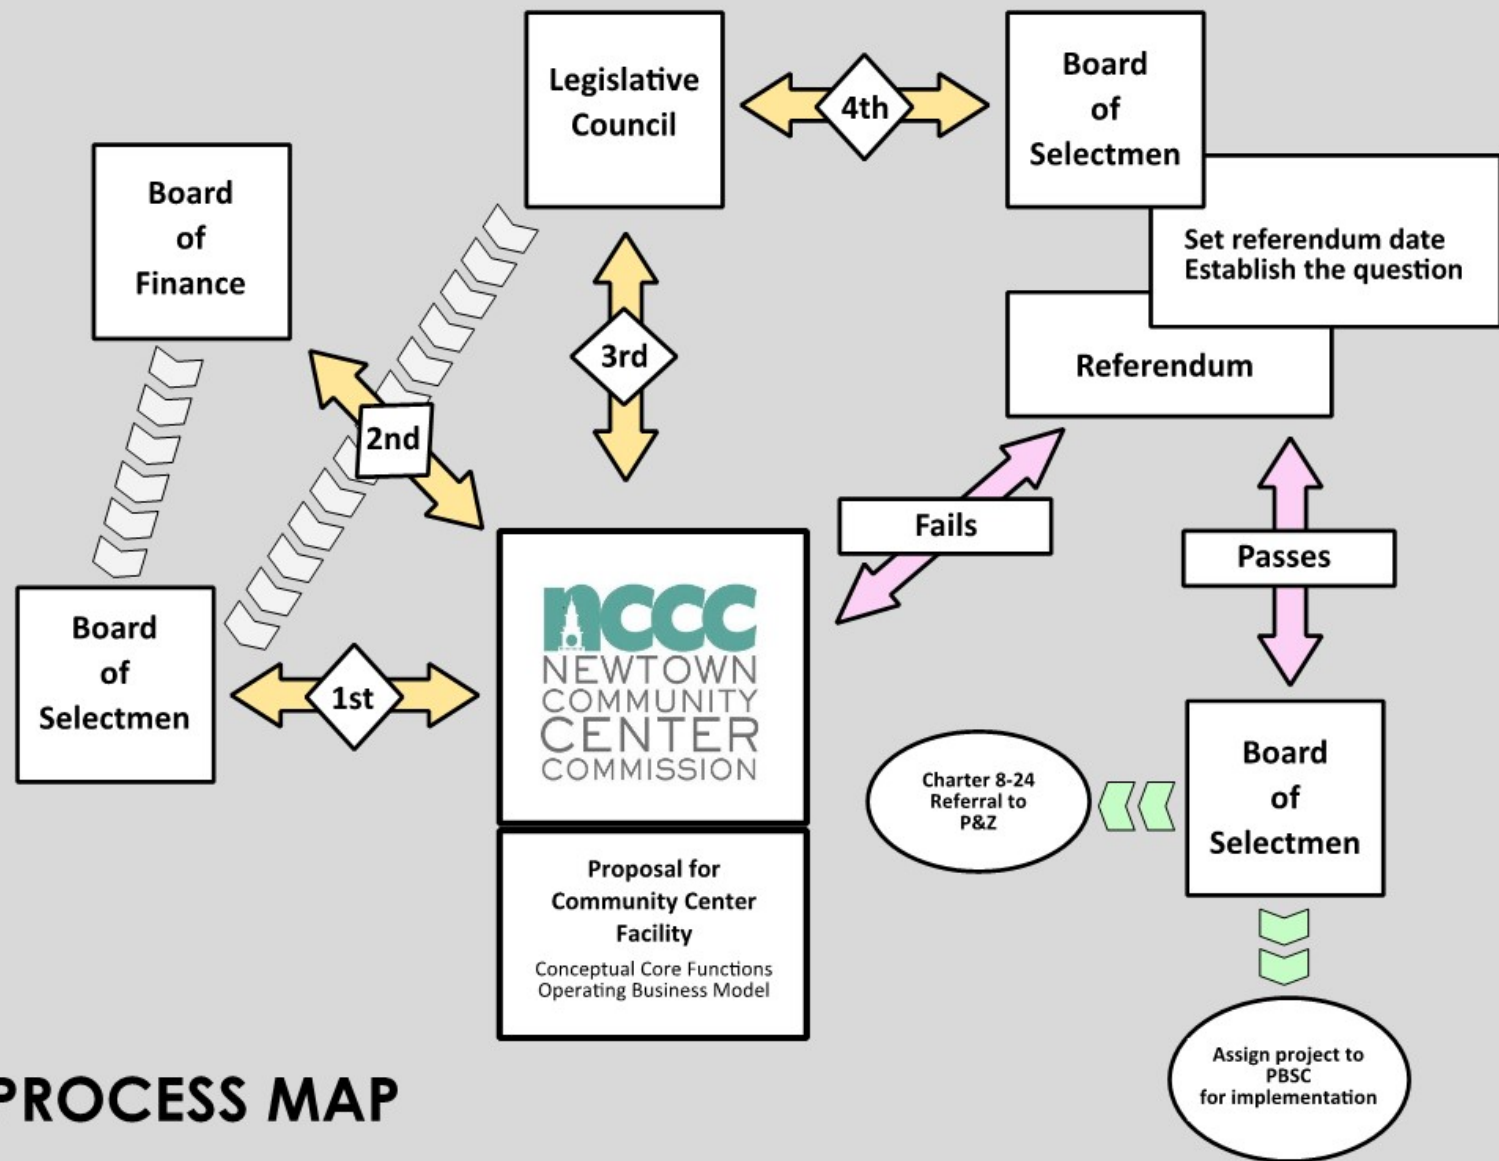

The General Timeline

NCCC Proposal Development Timeline & Hurdles

PROCESS MAP

Proposal Details

Our Vision:

- **The Newtown Community Center Commission believes a Center should:**
 - Act as a vibrant, multi-generational hub for all Newtown residents
 - Promote health and healing
 - Have a reasonable model of self-sustainability
 - Provide educational, recreational, artistic & creative opportunities
 - Engage the community
 - Encourage social interaction
 - Build self-esteem
 - Showcase talent
 - As of 1/28/16, leverage the current Town CIP line item of \$5M to supplement the GE donation of \$10M – and their \$5M over 5 years to operate the Center

Final Proposal

A Core Community Center with Indoor Pools

- Main building/”hub” of ~18,000 sf to include:
 - Large entry/common area
 - Modular/multi-purpose rooms
 - A large “great room” for events, arts, and gatherings
- Dedicated space for the Legacy Foundations
- 50 meter, 8 lane pool with one bulkhead
- Zero-entry activity pool
- Standard features: storage, locker rooms, family restrooms, spectator seating

Per Newtown

Recovery &

Resiliency Team:

“Many people heal in different ways, but most heal when they are together with others”.

The Commission’s vision is a true hub for coming together based on a broad range of interests.

Key Points

Core Community Center (~18,000sf) + Indoor Pools

PROS

- Leaves \$2.5M in CIP as “yet to be approved placeholder” funds for potential future use
- Fulfills Donor Intent/Commission’s vision
- Forms central community “hub”/anchor
- Doesn’t duplicate existing facilities, programs/services
- Reflects NCCC member “straw poll” favoring indoor pools
- Meets a large group of residents’ “needs” and “wants” within financial limitations
 - Survey feedback indicated slightly higher preference for aquatics
 - Resident input indicated preference & need for 50-meter
- Brings new programs/services to Newtown
- Most town groups can use
- Reaches multigenerational demographics
- Meets Commission’s goal of a reasonable model of self-sustainability
- Creates positive “draw to town” for prospective homeowners

CONS

- Requires use of the approved \$5M in CIP to help fund
- The facility is income neutral without the ice arena – which hinders ability to provide discounted fees

Critical Observations

- Include program offerings that address current and future healing needs
- Main gathering area of center will be open and free to public
- Fees/memberships will be charged for programming and use of specialized areas
- Imperative to leverage vast feedback from survey to design programs
- Multi-purpose space is only limited by community's imagination
- Continuously pursue donations and grants to further support NCC
- Buying or creating partnership with NYA was not explored
- Project Cost estimates include many costs the Commission has been made aware of but not necessarily all (e.g., traffic or utility study)
 - Additional costs to come out of Town's current CIP NOT GE donation and are above construction such as (but not limited to):
 - Site preparation work (estimates are \$500K–\$1M)
 - Parking (initial estimates stated as \$500–\$750K)
- Canaan Hall under demolition. Adjacent Plymouth Hall currently being investigated by Town for possible office space/arts usage; that land is not currently available

Recommended Features for Community Center

- Quality, higher-end products to help with maintenance ease and upkeep
- Environmentally smart (e.g., solar)
- Design with future expansion and/or adjoining consideration upfront and planned
- Areas for the pools to allow outdoor access in summer months (e.g., full length retractable windows)
- Large space for performances/banquets (e.g., 5,000 sf Performance Room in Goat Farm Arts Center, Atlanta, GA – see page 8 in the Executive Summary for images)
- Large, central free-to-all “common area” that allows relaxation, gathering, viewing of happenings at center
- State of the art commercial kitchen
- Sound proof room as well as other acoustics/sound systems for arts/entertainment
- Café/restaurant (to draw residents in, not as an afterthought)
- Retail (think rental shop for bikes, x-country skis, rollerblades)
- Outdoor (four season) options for people to gather (firepits, patios, lawns)
- An outdoor berm that could double as seating space for outdoor performances and as a sledding hill in the winter

Input and Feedback Efforts

Community Outreach Efforts (1 of 2)

Community “Stake-Holder” Discussions:

- Discussion with and questionnaires to:
 - Legacy Foundations
 - 26 families (as best as possible)
 - 80+ local town clubs, organizations, and groups

Community Communications:

- Booth at Newtown Arts Festival
- Two mailings to Newtown residences
- Ongoing posts on Community Center Facebook Page (over 1,100 likes)
- Posts on Town Twitter Page
- Slide in pre-movie promotions at Edmond Town Hall
- Articles and Ads in the Newtown Bee promoting Public Forums
- E-mails via Town/Park & Rec lists
- Town-wide “A frame” signs and window signs in stores
- Requested e-mail support from Interfaith Council and all local pre-schools

Public Forums:

- Four in Sept/Oct 2015
- Four additional forums in Feb 2016

Online Community Survey:

- 3200+ respondents in Oct 2015

Community Outreach Efforts (2 of 2)

Commission Meetings with Multiple Boards, Councils, and Organizations:

- FHA, Park & recreation, COA, NCAC, ETH

Local Interest Group Presentations:

- NCAC, Ice Arena, Pool, individual residents

Site Visits

- Viewed multiple local and regional sites
- Conducted online research on sites out of our region and also spoke with directors from others

The Online Survey

- Fielded by the Newtown Community Center Commission from September 19, 2015 to October 10, 2015, the survey was conducted online using the Survey Monkey platform
- Approximately 400 printed surveys were also distributed to Nunnawauk Meadows, The Senior Center and Social Services
- C.H. Booth Library set up dedicated computers to assist residents that do not have a computer at home
- The total number of completed surveys was 3,246
- Variances of 5 percentage points or more are considered meaningful
- The survey was NOT a voting tool
- This information has been used with feedback obtained during Community Forums, emails from residents and input from key stakeholder groups (e.g., Park & Rec, Town Organizations, etc.) to develop our final proposal to the Town

Marketing to Promote the Survey

- Postcards: Every Newtown household received 2 postcards regarding the survey
- Survey link on the Town website
- Promotional email sent from the Town's "News & Announcements", Park & Rec, local youth groups (20+), in-town private schools, Teacher's Union, Interfaith Council, RTC, Democrats, NYA
- Quarter page ad in The Newtown Bee ran 9/25 & 10/2 (smaller version)
- "Bee" website survey link
- Facebook and Twitter promotions
- 150 posters were put in windows of various Town stores
- Press release to local newspapers

Observations on Survey Data

- Indoor Aquatics has slightly more interest than the Ice Rink – and when comparing the two, more respondents feel having a rink is least desirable
- Multigenerational, Modular, and Communal Space are key desires
- Respondents like a Center that accommodates space both for specific programs with specific audiences AND multi-purpose activities with different audiences
- Programs/classes for teens/young adults were viewed most favorable when compared to other generations
- Outside features appear to be desirable
- Connecting generations – teens to seniors, young adults to adults, grade school to teens – was also mentioned as being important
- Some “neat” ideas – radio station, emergency shelter, sledding hill, orchard, tech center, “maker” space, book store, areas to “watch the action”

A big multi-purpose space - with a stage and sound and lights and an art gallery - a place for performances and events of all types, from dance to music to theatre to film - workshops in all the arts... Classes.	Arts
A center exclusively devoted to the fine arts with gallery and studio areas for the visual, performing, and musical arts with gallery and performance space.. We have nothing like this in Newtown. This town has ignored the fine arts for sports for as long as I have been here. We need a more balanced environment not only in Newtown but in our country.	Arts

An art gallery for various art exhibits, paintings, pottery, crafts, etc.....	Arts
An art studio would be great. Newtown has a LOT of sports, but not much support for visual arts	Arts
An art/ craft/ yoga/ cooking center	Arts
An arts center can provide classes, esteem-building exhibitions, community socializing and creative outlets for all ages! I believe it would serve the most people in our town with classes, exhibits, and performances to attend. When I worked in Westport, I once visited their arts center which was a fantastic center for the community. Having a place where people from seniors down through to the three and four year olds can benefit from uplifting and inspiring participation in the arts would be the best option of all.	Arts
An arts center for art, music and cooking for all ages	Arts

Facility – Child Care, Children & Communal Space (6 of 44)

Bike and stroller rental	Child Care
Daycare center	Child Care
A richly-interior-designed imagination play space, in which each playroom would replicate a fire station, an ice cream shop, a bank teller, a grocery store, a restaurant, etc..... Etc. All on a kids' scale. I would love to help design this--donna ball, 203-482-5557.	Children
An area for birthday parties	Children
Children's play area (indoor/outdoor)	Children
Hands on children's museum	Children
In indoor park/play area for kids under ten	Children
Indoor area with inflatables for kids (jump zone, Oldsmar, FL)	Children
Indoor play area for young kids - free so everyone can play - or very low cost	Children
Kids and young teen center	Children
Open space for kids to play /drop in for fun/games	Children
PRIORITY ABOVE ALL: some place safe for "our children" to hang out	Children
Venue for kids parties	Children
A central area for the community to gather as a whole for musical events, community tag sales, art/craft shows, art shows, i.e., Similar to "the green" in Southbury	Communal
A combination plex like Shelton has, the ice rinks, place to eat, laser tag etc.....	Communal
A common area to have guest artists, lecturers, etc.....	Communal
A community project during construction, such as tree planting	Communal
A crescent or square design with a courtyard would encourage gathering -- the point of this structure. The courtyard could be the ice rink or fire pit. Also, what about incorporating an equestrian concept? Newtown is horse country, and the governor's horse guards are here. NO RETAIL STORES, please. Finally, the town should consider a shuttle service between this place and the middle school, reed, H.S., The senior center and perhaps some of the new 55 and over residential locations. Charge if necessary. But the young and the old need public transport. If a restaurant/cafe with liquor license is approved, perhaps those funds can be used post year 5 for maintenance and/or shuttle service. PLEASE -- NO TV LOUNGE or VIDEO GAMES, etc..... No no no. That does not encourage interaction, engagement, social interaction. And please do not mimic Newtown youth academy. Let's think outside the typical municipal sports facility, PLEASE!!!!!!	Communal

Community Input from Open Field Question

Facility – Communal & Educational Space (8 of 44)

Look at the public pools in Bavaria: competition length, water slides, interests for young kids (whirlpools, fountains), cafes, playscapes, etc..... The key for these is that there are enough things to drive large community usage, which drives revenue. Think beyond a pool. People get tired of pools. Think about getting both a competition-sized pool (revenue) and paring that with other things that will get young families and old alike to pay money to use the pools.	Communal
Lounge area with cafe wifi	Communal
Lounge room	Communal
Nice facilities for socializing lounges, fireplaces indoor outdoor	Communal
Open area for entertainment and shopping	Communal
Outdoor and indoor places where people can meet, visit and observe activities (e.g. Outdoor skating rink). Newtown has nothing like this, where one can sip tea or wine, perhaps play chess/checkers at the table, converse with others and "take in life". This is an important part of a "hub" rather than an activity location where parents drop off their kids and leave. We've got that. No idea where this will be built in town, but if at FFH, it might just be the impetus for a master plan up there. Finally.	Communal
Party space	Communal
Place to socialize...Cafe setting	Communal
Relaxing spaces to "hang out" with common areas and quieter spots, both indoors and out	Communal
Room for parents to chat, have coffee while kids are entertained in another room	Communal
Simply put, a mini Chelsea piers even this can accommodate seniors and art community	Communal
Space to host family fun events - movie night, game nights	Communal
Spaces designed for connecting with other communities around the world	Communal
YMCA type of space	Communal
A community college	Education

The center needs to be multi-functional similar to the harbor yard where you could have ice floor then cover for concerts, children and adult activities. The key word is "modular"	Modular
A center that balances its offerings for youth and seniors	Multigenerational
A center that would service the majority of the citizens. Not just one group or age. A community center should be built around the focus of the entire community. The facility should stand where other activities such as walking, running, biking, meeting our neighbors and kids all centered out of this one facility being the anchor.	Multigenerational
A mixed use facility, not perfect for any one group ...	Multigenerational
A place which is welcome to all...Young and old.	Multigenerational

No dedicated space for any one group or demographic	multigenerational
Open/friendly to ALL Newtown residents.	multigenerational
Senior center and teen and young adult center are important. It would be great to have a place teens could go and enjoy.	Multigenerational
Senior center to me seems to miss the point of the GE gift. But I do believe that the recreational/community concept that we do finally arrive at should have space for seniors in mind. It should be noted that seniors too will benefit from a more general community/athletic center, and if portions of that type of facility can be earmarked for senior needs (without trying to be all things to all people), that would be ideal.	Multigenerational
Shared space for everyone	Multigenerational
Space for kids (middle school age especially) to play games (video, board) and space for parents to have tea/coffee and be there w/o being too close	Multigenerational

Community Input from Open Field Question

Facility – Senior Space (35 of 44)

A better senior center that is better equipped	Seniors
A commercial accessible kitchen, for community cooking activities for seniors and youth. Enabling seniors who are not longer able to cook on their own, (due to safety or economics) to continue to participate in this meaningful activity while sharing their memories and recipes with youth who are just learning this skill. They could come together once a week to cook meals for the week that they could divide and share.	Seniors
A more desirable Senior center to attract more residents. Current "center" not utilized--interesting town input: unattractive, dull, no computes, no comfortable chairs for talking and sitting, no updated atmosphere!	Seniors
A new senior center... Ours is an embarrassment!	Seniors
A senior center	Seniors
A senior center with it's OWN parking lot.	Seniors
A separate part of the building for seniors.	Seniors
Adequate clean space for seniors.	Seniors
An area specific for senior citizens needs to be provided by the community center. The current senior center does not fit the needs of Newtown seniors. It is outdated and too small. Look at the surrounding towns: Southbury, Woodbury, Monroe. Their senior centers are new, beautiful and state of the art. Why is Newtown so behind in this area???	Seniors
Dedicated area for senior programming	Seniors
Dedicated senior center with pool	Seniors
Dedicated senior space	Seniors
Have separate function rooms - one could be "adult only" to appease senior citizens	Seniors
Have the senior center in this building, so they are part of the community, not isolated in sandy hook. Offer intergenerational programming	Seniors

Aquatics – Programming & Structure (2 of 4)

Open swim all year round.	Programming
Our town needs a pool that is indoor in non-summer months and has the ability to be open air during may, June, July, august. I do not believe an indoor pool in summer is user-friendly. A pool needs double purpose - in for the cold weather, outdoors for the warm weather. You cannot enjoy the sun and fresh air in an indoor pool in summer. It just does not work and it bad planning.	Programming

Ask the Newtown cultural arts commission about what classes we need. I'm not kidding, and no I don't work for them, No, understanding the importance of the arts is not something everyone can do, even artists themselves.. We need to service the entire community, which the arts in fact does. Seniors are not the majority of the population and even if they are it is not as important to the growth of the town and lives of locals to have a senior center or children's playground.	Arts

The center needs to fulfill needs that are not yet met. Newtown has a full educational system for young people, for example. Community is the important word here--community means helping people in the community with their myriad of needs--from physical and building health and fitness to psychological and providing a means to assist those who need support with self-esteem, resilience and personal strength.	Communal
The center needs to have recreation and programming, but also be a place where people can go to find out what services are available to provide them with support. Most important, is cost. There are many people who require free or very low-cost services. The community center must cater to this group.	Communal
The center should be combined with the existing NYA. No need for a new separate center, just add to what exists.	Communal

The center should have programs for every age and stage of the community. Toddler, school age, adult and senior, not one over the other.	Multigenerational
Why do programs have to be ONLY for adults, or ONLY for seniors, or teens. The emphasis should be on programs that can be shared by the greatest number of people at the same time. These are programs, for example arts entertainment for all ages or educational programming that is intergenerational or can be tiered for different ages. As soon as you have programs "dedicated" to one group--whether young or senior--it is no longer community.	Multigenerational

Programming – Teens (51 of 50)

Teen program to provide a safe and fun place for teens to learn and grow through a variety of activities such as arts, dance, indoor and outdoor activities, team building and self-esteem activities, etc.. Activities should focus on developing a youth's self worth while giving them the opportunity to explore different hobbies and activities. Teens will also build leadership skills and character development.	Teens
Teen programming! No place for teen's to hang out except parking lots and Starbucks	Teens
Teen programs/community service related programs	Teens
Teen social opportunities	Teens
Teen/adult discussions re technology & culture	Teens
Teen/young adult "club" or "open mic" facility	Teens
Teenage social events	Teens
Weekend night activities that actually engage teens and give them somewhere to go instead of party	Teens
Weekend programming for children ages 12-18 that is healthy, stimulating, and fun. There is nothing for young adults to do in this town and it is sad. We fail our seniors and our young adults in Newtown with a lack of space and activities. The teen center is a joke for a town this size . Newtown needs to get with the program.	Teens

"Community" is the key word, not either/or
A central location in town
A facility that wasn't only sports oriented, we have that in the NYA already
A pool is necessary, but not the exclusion of other offerings such as community events and the arts
A pool or ice rink is too narrow a focus. Look to gain more from more donors too. A senior center should be added as a separate component to the main community center.
A program to get truck traffic off main St.
A shooting range staffed with professionals to teach gun safety and the detrimental effects of gun control laws
A true parks & rec staff facility with space for extensive programs, like pools, etc.
Absolutely no to ice rink
Address seniors, pool, ice rink, in this order
An ice rink should be elsewhere on the property
An ice rink would be an immediate asset for this town. This grant was intended to be for KIDS, not seniors! Sorry!
Anti liberal conditioning
Anything to generate revenues
Art aspect is important!
Back to basics - communication without social media
Base for Community improvement (environment, business, etc.)
Best thing would be too have the library located within/adjacent to the community center.
Build it to generate income/sustain maintenance of cost
Build the project for 500K, then use the rest of the money so whatever is built is maintained for 200 years
Can we please stop having EVERYTHING geared towards kids???
Check with other centers to see what works for them most
Children oriented. Isn't that the purpose of the GE grant. I believe the seniors have enough government support. It sickening the you elector officials can't see the needs of the children of our community needs.
Cigar/poker night
Clean, well maintained facility
Closing the existing senior center and opening with new facilities at NCC
Clothing optional section
Combine with NYA

Day passes available for guests
Dishonest survey. Denied entering the same
Do not build the center
Do not multi-purpose this space by making it the sr center or parks n rec office
Don't complicate it with the NYA
Don't spend money just to spend money
Enhance economic development
Entertainment- bring in revenue
Eventual connector to NYA
Everyone is going to get old one day and we need idea no. 2.
Facility that can be self sustaining, revenue generating via rental
Families have very little time left over for a community center.
Finance, environment
Fix roads
Focus on opportunities that are not already in town - indoor (heated) pool, ice rink, etc.
Fucking
GE provides blood money!
Give back the GE money
Give up on the project
Golden
Good security so it stays safe for all.
Good use of Fairfield hills campus or buildings if possible
Have there be a nice staff
How about not taking the money at all? Why should this town benefit from such a tragedy?
How about talking to Malloy who forced GE out after they donated 10 million?
How many people in Newtown would really use a community center?
How many seniors would this really serve?
How much will maintenance costs be!

I don't think we need an community center, we shouldn't accept the money
I like the hockey rink concept, but have not seen any financial results to determine what the operating expenses are. Would be interesting to see the operating/financial results of Danbury ice arena but no info on that online.
I would love to see the new place be dedicated to the victims of the sandy hook shooting and have pictures of all them
I'd like the money to go directly to each Newtown public school
Ideal to buy the existing NYA and have it free use for Newtown residents
If I senior center and pools served too narrow a cross section of our community, by the same logic how could we ever justify an ice rink?
If we have a pool, warmer than the high school pool need to be warmer than he pool but I don't think the own needs another pool
Indoor field that the town pays for from our taxes
It should be located at FFH to keep everything central and connected to what has already started there...Nya
It will become a tax burden in years to come
Keep it as a stand alone facility
Keep separate from NYA
Knock down more FFH buildings to improve overall appearance
Large initiatives such as pools, skating rinks would limit the amount of resources available for healing, education, art, teaching, etc., All of which can be done in smaller spaces and contribute more directly to healing. These also apply to ALL ages whereas pools and rinks would mean too many people needing "healing" are unlikely to use. Note under question #1 on your first page, you listed training/education under recreation, where I think it belonged under a different heading. Just FYI
Less soccer fields
Let's not overemphasize the seniors. They already have a senior center. This is a community center. Not a handout to the seniors.
Limited to use by only Newtown residents
Llodka said no more gifts
Location of this is super important, it needs to be convenient for people to get to, particularly those in our community who have fewer resources and are more likely to take advantage of the NCC.
Look at Ridgefield rec center for ideas
Low income housing
Low operating costs, no new taxes or fees!
Low overhead and maintenance costs
Low upfront cost, refurbish an existing building?
Lower taxes

Lower taxes
Lower taxes
Need program space
Need program space for parks and rec
News letters sent to all residents to get center information
Newtown already has a senior center. We don't need another.
Newtown devotes incredible opportunities/facilities/acreage for sports. More programs are NOT needed
No I do not work for GE
No ice - cost too much to maintain
No ice- current ice rinks in area are not popular

No ice rink. Go to Danbury ice arena.
No ice rink.. It's a waste of time
No kiddies, teens, young adults - they already have enough other facilities.
NO MORE SPORTS RELATED activities
No pool. Use the pool at Newtown high school during the summer when Treadwell pool is closed.
No senior center - money was not given for their use
No specific group catered to...No aquatic center

Not another bank
Not another Italian restaurant
Not building a community center
Not catering to a small grp interest only
Not for park & rec
Not hockey
Not just a gym/ a rock climbing wall or trampoline park
Not much of what you have listed. Forced choice by columns is not realistic, or desirable.
Not to piss away money
Number. Example "not desired" can be entered only
NYA is great for athletic children, but I'd love to see something for other minded kids.
Once. This is not a true and honest survey. What is your agenda?
Please don't duplicate existing facilities such as NYA sport & fitness center or edmond town hall - there's no need
Please listen to the Newtown cultural arts commission, a non-paid organization of intelligent baby boomers who have spent countless hours servicing the community for no other reason than the effectual welfare of others.
Purchase nya and make some additions to that. It would cost less and get done quicker

Community Input from Open Field Question

General Comments (6 of 7)

Purchase NYA with the money and fit out the space for the pools
Purchase property adjoining lake lillinona for public park
Purchase the NYA and connect it to the community center. Build a stand alone senior center.
Purchase the NYA and make adjustments there (cheaper and quicker)
Put in a nearby hotel to accommodate visitors and generate revenue to lower taxes
RCN should be part of it
Reduce costs of government
Reduce town and school budget to reduce taxes, close down Hawley school
Reduce town and school budget to reduce taxes, to attract young families back to town
Refurbishing Fairfield hills
Restore Dickenson park pool it was SOOOOO nice
Reuse an existing structure
Ridgefield rec center has rooms available to rent for ballet/karate etc. classes
Set up a trust with some of the money so that it continues to pay for itself and is not yet another burden to tax payers. This must be run better than Fairfield hills has been (largely a waste for 15 years) or we shouldn't take the money!
Should not be focused only on seniors and must displace other existing facilities that create a tax burden. This town can not afford additional buildings / programs that increase the tax base without some offsets.
Something that isn't already available elsewhere. We have theaters and shops we need something different like an ice rink and indoor pool. We have too many kids going to other towns to enjoy what they should be doing here'
State of the art police station
Stop with anything that is going to increase taxes in the future
Supplant costs

The Newtown senior center is too small for present activities.
Theayer
There is no off season with hockey
Think most broadly vs. A narrow population
This facility should not be focused on sports.. This survey makes it sound like skating and a pool are already decided.
Tire of the transients running the town
Too many things already for children.
Upgrade technology at the public schools
Use money to clean up asbestos problems to attract retail and dinning
Use NYA for much and fund services there
Varied interests all ages
We already have a indoor pool at the high school and outdoor at treadle
We already have adult continuing education at the high school
Whatever we choose, it must be self funded with no tax increase
Why did we take the money?
Would also provide part-time and full time employment for all
Year round venue
YMCA
YMCA to cover all other stuff
