COVID-19 Vaccination for children 6 months to 4 years of age

Covid19 vaccination for children 6 months to 4 years of age has recently been approved.

The Health District team will not be vaccinating children. Parents with questions can check in with their pediatrician.

Some clinics/pharmacies have opened up to the youngest age group. See below for local/regional vaccination information.

**DPH/Griffin Vax Van:**

Thursday June 30th at Newtown High School, 12 Berkshire Rd from 3 - 7 pm

**Community Health Centers (CHC)**
